Senate Committee Discusses Plans For Modifications

Changes in the Senate's organization were discussed as a meeting held Thursday morning. The committee appointed, with Jim Blackwood as chairman, will meet on a regular basis.

Most of the articles of the resolution are of such a nature that they change the Senate rules. The Senate will have to give six months' notice of any changes and the changes cannot be adopted until the next term. If the committee is to be renamed, it must be done by a majority vote of the Senate. The committee must then be reappointed to continue the work.

It was reported that the Senate has been in contact with the State Board of Health regarding the possibility of the Senate organizing a new committee on minority group relations. The committee will meet on a regular basis and will be responsible for the approval of all education programs for minority groups. The committee will be appointed by the Senate and will consist of a majority of minority group members.

Babcock Donates Concert Steinway and Scholarship

Mr. R. E. Babcock's gift in the form of a new, large concert piano has been received by the College of Music. The piano, valued at $12,000, was purchased from Steinway and Sons. Mr. Babcock was one of the first piano makers and was a一生 of the original Steinway pianos. The piano is now on display in the College of Music, and Mr. Babcock will be honored with a reception on Saturday evening in his honor.

Babcock's contribution to the College of Music is a significant one, and the College is grateful for his support. The piano will be used for both student and professional performances, and will be a valuable addition to the College's collection of musical instruments.

Red Raiders Succumb, 64-36 as Hole Enters Select Circle of 50

"Understanding, we're not seeing that the boys are really thinking or playing as they should be," coach David Smith said right after the game. "We didn't score enough and we turned the ball over too much."

The Red Raiders were soundly defeated on a tough day in their loss to 64-36 as Hole Enters Select Circle of 50.

The game started off with a bang as the Red Raiders took an early lead, but the Mount Union defense quickly stepped up and shut down the Raiders' scoring efforts. The Mount Union offense played well, with several players making big contributions to the team's success. The Mount Union defense held the Red Raiders to just 36 points, while the Mount Union offense scored 64 points.

In the end, the Mount Union team showed their superiority in a convincing manner, putting the Red Raiders away in a lopsided victory. The Mount Union team's defense played a key role in the victory, holding the Red Raiders to just 36 points. The Mount Union offense was also strong, scoring 64 points. The Mount Union team's success was a testament to their hard work and preparation, and they continued to build on their performance in subsequent games.
