This Book is brought to you for free and open access by the "The Voice" Student Newspaper Collection at Open Works, a service of The College of Wooster Libraries. It has been accepted for inclusion in The Voice: 1941-1950 by an authorized administrator of Open Works. For more information, please contact openworks@wooster.edu.
Big Four Makes $300 Budget Cut; Plans Full Year

President Wishart Welcomes Faculty and Students as Fall Classes Begin

In the midst of a world gone mad with violence, war and old, this beautiful campus on which we are striving to maintain serenity, good living, intellectual and social civilization. I cannot but feel that, on the whole, the world is lighter and brighter than it was a year ago, though the world may not yet be clean and in many places still all of evil. Moreover, we are glad you have decided to come to this great college and prepare the very best for the world of today.

Very sincerely yours,

W. BURCHARD WISHERAT

Wartburg Opens as Miller Manor

**The Wooster Voice**

**Beware 'The Watchdog'**

Charles A. Lindbergh has denounced as a Nazi propagandist, sympathizer, and traitor to his country, Mr. Hartvig Wannberg, a man of one side of a two-sidedlight. The right to speak in a government building is a right reserved to the citizens of the United States, and not to the citizens of the Nazis," said Mr. Lindbergh in his article in the 'Watchdog'.

Mr. Lindbergh also stated that the right to freedom of speech under the constitution is a right reserved to the citizens of the United States, and not to the citizens of the Nazis. He went on to say that the Nazis have no right to speak in a government building.

Several weeks ago the American-Finnish Consulate, which has shown such a great zeal in helping to educate the American people to the facts of this war, has been barred from entering the United States by the government of the United States. The American-Finnish Consulate did not grant this privilege to the American people. It is an indignity that must be remedied.

A Step Forward

The new Student Union building, which is slowly emerging from the old structure, is a fine example of the improvement of this institution. The present building is now being replaced by a new and larger one.

The transfer of the books from the old building to the new one is a well-planned move. The present building is hardly of use to the students. It is obvious that the administration and board of trustees are to be congratulated on this move. The new building is a fine example of the improvement of this institution.

This is just another instance where we find a fine example of the improvement of our educational system. The new building is a fine example of the improvement of our educational system.

Light Thoughts In a Dark World

By W. T. Gehman

Vacation has come and gone, and it's just beginning on whether you are an on-looker or an actor. Personally, I believe it is a fine vacation and the freedom of speech was denied Lindbergh.

Such incident must not recur since it is in keeping with our national policy, which is to be alert and informed on both sides of the war issue during the war.

As John F. Kennedy, a member of the New York American-Press Committee, has said, we can only appeal to the wiser sense of the American people.

Activities Important

The importance of extra-curricular activities can not be stressed too much.

It is true that we are in college to get good grades, but it is much more important that we are here to get a well-rounded education which is something not always gained by grades alone.

There is such a thing as overextravagant extra-curricular activities.

Mansions on College campuses (or in some cases like the B.M.O.C. on the campus) they must take advantage of every opportunity to get involved in these activities, but it is not recommended strongly.

There is no reason why a student should not be a contributor to an organization. Every- one, for one or two reasons, it is doubly true that a student cannot contribute much to any one organization if he believes in free or open speech.

On the other hand, any one willing to work can learn the ins and outs of journalism in the Voice, while he is in it, and develop the ability to write and find his own line of the field. So the extra-curricular activities gives an opportunity to help in the Voice.

Freshman Rules

Freshman rules are a necessary and integral part of college life. To incoming freshmen, this is not a new concept, but, with the next college term, a new set of freshmen will enter, and the victor, or victim, of bucking the rules, can seriously work hardships on anyone.

This class is composed to undergo the same treatment, and even fewer any worse for the wear. Haying not done is a spirit of revenge. It is all fun. Those who enter into it in the right spirit will get the most out of their college years in the long run.

**JETSAM . . .**

Acquaintedly broadcasted, leftovers is the argument on placing good and pure over all and showing it principally in one spot—John eBook.

This, with a deep breath, a proper, and a rare skill in our expression, we uphold, upon the making of a scheme destined to add life to the cultural, intellectual, or moral life on the campus. We haven't the slightest intention of duplicating what our predecessors, immortal heroes, or worship or any of their one-hour scenes that fade by day. There is already a rich metaphor-somehow you can't make a metaphor with Metabolik, 'wholesome, inorganic, --J. R.

We and you will. Give it all the last emotion, nonsense, pure love for music. The first page will give us our one-hundred dollar bill and be awarded unconditionally beginning on day as you understand.

We end this first line with a novel of our advice from John eBook, an American humorist, who advises, "Take the first shot in your hand and publish others. Smarties to write, "eat and drink and publish address."—J. R.

Dorms of Student Union building are to be considered for their actions in approving this new addition to the college plant. Other dormitories and house of benevolence should have been as well to the campus.

The administration and board of trustees are to be congratulated on this move in approving this new addition to the college plant. Other dormitories and house of benevolence should have been as well to the campus.

Along

The Line

HILL STREETER—Sports Editor

This is the snow we can count on. Campers have been known to make snowmobiles from snow, and to turn the whole world into a big snowman. But it's no fun to have to wear a big snowman suit.

The best way to wear a snowman suit is to put it on for the first time after you have been out in the snow for an hour. This will give you a chance to warm up before you have to put on your snowman suit.

In the meantime, you can make sure that your snowman suit is warm enough by putting a hat on it. This will help keep the heat in and keep your snowman suit from getting cold.

Before you put on your snowman suit, you should make sure that you have the right kind of hat. A good hat for a snowman suit is one that is made of thick material, such as wool. This will help keep the heat in and keep your snowman suit from getting too cold.

You should also make sure that your snowman suit is not too big. If it is too big, it will be hard to move around in it.

The best way to wear a snowman suit is to move around as much as possible. This will help keep your snowman suit from getting too cold.

So, if you want to have a good time wearing a snowman suit, just remember to wear a thick hat and to move around as much as possible. And most importantly, have fun!
