Musical Plays- East Indian Influences

Gilbert and Sullivan's Mikado was presented 8:15 in Scott Auditorium.

Dr. Winfred Logan of the University of Illinois was the principal performer in the Mikado. Among the choruses members and the eight principal performers were three performers, including a manatee for school children.

Dr. Logan and Logins and Brown are senior members of the musical group. The Mikado performance was directed by Mr. Brown.

The Mikado, written in 1876, is set in a story-book Japanese village called Tighb, located in a country that obviously has nothing to do with the real Japan.

The most famous opera is "The Mikado, a last summer night at the Musical Department, staging the Mikado's last summer night at...."

Lilli B., president of the Mikado, is clearly admited at modern English life. The impossible basis for the Mikado is the idea that imprisonment of Japan, the "mikado", in a "wha" place, young men might last be standed up and demanded, as a one scene, deemed that anybody was found on that number, they relate it with the "bienlad". This leads to many hilarious complications, especially since the Mikado is not very familiar with the English life. Logan, Paul, and James, principal performers at the Mikado, staged by James Logan, are too supercilious to perform the Mikado's last summer night at...
situation.

Curtis

New York

"No Letter Today!"

Since the beginning of the school year (10 issues) a total of 1,500 American college students have received their first issue. All but one, which had no signature, have been published.

An examination of the overall matters of concern expressed by the 1,500 students reveals a picture of different concerns. Such evidence could lead to the conclusion that Poste editorialists and columnists and other written student opinions reflect the varied motivations of the College's students, or that the Wooster student is either unwilling or unable to express himself.

We have been informed that the College has become neither this homogeneous nor this incapable.

Nehru Cited 'Hypocrite Of Year'

By Dave Mortensen

Since his inception in 1961, the Coxe, Ohio, Prime Minister Nehru has been suggested for the award of "Champion Political Hypocrite of the Year." On Nov 11, 1961, this reporter heard Nehru address 1,500 American college students in an informal setting. Printed below are the notes of that speech. The award has its merits.

Modern man's greatest problem is his inability to relate his ways of thinking to the necessities of the time. When agricu-

liturist, the few men ever thought of as great in the history of man,

Tankers Pick Up Victory Over Muskingum 59-36

The Scott tankers swam off with a 59-36 victory over rival Muskingum on Tuesday. Highlighting the meet were three pool records set by Wooster.

The varsity team broke the Wooster home pool record with a 400-yard medley relay time of 4:05.1. Freshmen Tom Spiering and Dick Fedl had teamed with Sophomores Bob Schack and Tom Peck to win the event for Wooster.

Another Wooster home meet record was set when Sid Lewis swam the 200-yard freestyle in 2:06.1, the third record in a row when the dual event swam the 200-yard freestyle. Muskingum's defeat was the second of the season at the hands of Wooster. Dec. 16th saw a 57-37 Scott meet at Muskingum's pool. Again our medley team captured a record. A Muskingum pool record was broken with a time of 4:16.4.

Three more freestyle Spiering and Fedl captured pool records with times of 2:19.3 and 2:03.3 in the 200-yard butterfly and the 200-yard breaststroke respectively.

Scotts Face Undefeated Muskies Team Saturday In Third Conference Game

The Wooster Scots face the Muskingum Muskies on the latter's home floor tomorrow night. The Muskies, who on Jan. 3 had won five out of seven of their games, stand 5-4 in the Ohio Conference.

With only one senior starting, the Muskies have a comparatively inexperienced team, but one which is expected to greatly exceed their last year's 4-11 record.

The Wooster Scots defeated the Hiram Terriers 69-50 last Saturday night, giving Wooster a 5-3 record in the Ohio Conference and a 14-4 record for the season in total.

Outstanding scorers in the Hiram game were juniors Reggie Miller, with 25 and Dick Thomas with 15.

The Scots made 39.4 per cent from the floor and 75 percent from the free throw line. Hiram completed 40 percent of their attempted field goals and 77.7 percent of their free throws.

On Jan. 4 Denison defeated Oberlin handed Wooster a 40-51 defeat last Saturday. Wooster swam away with first place in the 200-yard freestyle and the 200-yard individual medley.

The next swimming meet will be Jan. 16 at Akron followed by a home meet with Hiram on Jan. 20.

Men Bear Beards for Flaming Follies; Scots Plot Honor System, Carnival, Car

The night of a boarded Radcliffe running the campus in the soon future approached Monday night when the Student Senate announced its banishment of beard-growing contest.

Flaming Follies

The Flaming Follies, a campus-wide variety program, scheduled for Friday, March 9, will be preceded by a five-week, last-minute effort by Wooster males to win the traditional prize.

Awards

Awards will go to the "Harriers Section," for total number of boarders to the "Most Hair-raising Section," for the highest percentage of boards, excluding these men with beard boards.

Individual prizes will complete the prize, for the most unusual board, the fullest board, the most distinctive gnat, the longest board, the best mustache and the most distinctive sideburns.

Supersenior Mady Beland has agreed to arrange the variety show.

The admission price of 20 cents (for all students without boards) will go toward the Senate's deficit.

Honor System

The Student Senate's efforts to computer number of the family concerning its proposed honor system began last night. Thirteen senators reported the results of individual conversations with 35 professors, following which discussions centered around modifications of the plan, in general.

The House order's protestation includes presentation in the faculty in January, followed by its submission for discussion to the student body.

Senate Car

The Senate Car has not proven the dole issue that it seems. Frank Dick Noble explained that the Senate's difficulties in closing the final papers of the auto leasing contract lay in the Senate's inability to act as a legal body. All major boards on which the Senate embarks requires the written backing of the College. The original impasse occurred in November when the Administrative Affairs Board of the Board of Trustees refused to grant College approval of the plan.

Senate President senior Larry Caldwell stated that the Senate plans to re-approach this board in January with hopes of encouraging more extensive consideration of the plan.

Winter Carnival Co-chairmen seniors John Brown and Junior Doug Worthington received final Senate approval of the plans for the Winter Carnival, scheduled now for Feb. 9 and 10.

President Caldwell also announced efforts to behalf of the Senate's Intercollegiate Confer-

ence on American goals for the weekend of March 16 and 17.

PIONEERING

Somewhere out there, beyond the realm of man's present understanding, lies an idea. A concept. A truth.

Gradually, as it comes under the concentration of disciplined minds, it will become clear, refined, mastered. This is the lovely art of pioneering.

In the Bell System, pioneering often results in major breakthroughs. Planning the use of satellites as vehicles for world-wide communications is one. Another is the Optical Gas Meter, an invention which may allow a controlled beam of light to carry vast numbers of telephone calls, TV shows, and data messages.

Breakthroughs like these will one day bring existing new telephone and communications service to you. The responsibility of providing these services will be in the hands of the people who work for your local telephone company. Among them are the engineering, administrative and operations personnel who make your telephone service the finest in the world.
