Twas a sunny American mid-summer day when the faculty of the Walla Walla College in the city of Walla Walla, Washington, was gathered in a nearby park for a faculty picnic. Among those faculty members present was Sarah Jane, a young and enthusiastic teacher who had recently joined the faculty. Sarah Jane was known for her passion for teaching and her dedication to her students. She had been assigned to teach a new class on American history, and she was eager to learn more about the history of the faculty and the college.

As Sarah Jane sat with her fellow faculty members, she listened to their stories and shared her own. She heard about the challenges they had faced over the years, and she was struck by the resilience and dedication of the faculty. They shared memories of past events, such as the faculty picnic, and Sarah Jane was inspired by their stories.

Sarah Jane realized that the faculty of Walla Walla College was a community of dedicated and passionate educators, each with their own unique experiences and perspectives. She felt honored to be a part of such a community and was determined to make the most of her time at Walla Walla College.
Freshman Jeffreys Reveals Doerr’s Successful Career
by Bryan Jeffrey

Many of us know Dick Doerr as an outstanding freshman swimmer for the Yeoman. From the very beginning of the season, his tremendous ability to work hard and his interest in swimming has attracted our admiration and, I think, the admiration of many others. His work and results have been so outstanding that he has gained the respect and admiration of both his teammates and his coaches.

But Doerr has not always been a star. In high school, he was not considered an outstanding swimmer. He was not interested in the sport and did not work hard at it. However, when he joined the Yeoman’s swim team, he was determined to prove himself. He worked hard and became a star.

In his freshman year, Doerr won the 100-yard backstroke, the 200-yard backstroke, the 50-yard freestyle, and the 100-yard breaststroke. He also set a record in the 100-yard butterfly.

In his sophomore year, Doerr won the 100-yard backstroke, the 200-yard backstroke, the 50-yard freestyle, and the 100-yard breaststroke. He also set records in the 100-yard butterfly and the 200-yard individual medley.

In his senior year, Doerr won the 100-yard backstroke, the 200-yard backstroke, the 50-yard freestyle, and the 100-yard breaststroke. He also set records in the 100-yard butterfly and the 200-yard individual medley.

It is clear that Doerr has developed into a star swimmer. His hard work and dedication have paid off. He has become a great swimmer and has won many races. His success has been well deserved.

We should all be proud of Doerr and his accomplishments. He has shown us that hard work and dedication can lead to success. Doerr is a great example to us all.
Wooster Sophomores Mortensen, Tilton Attend Recent Disarmament Conference

Sophomores Dave Mortensen and Tim Tilton, representing the Student Senate, returned Sunday from the First Inter-collegiate Conference on Disarmament and Arms Control at Swarthmore College.

Highlighting the sessions were speeches by Senator Joseph Clark (D. Pa.), and Bernhard G. Busbey, Attorney for the State Department for 13 years, as well as seminars led by 22 professors of physics, economics, international law and military planning.

Among these experts were Kenneth Boulding, Bernard Feld, Martin Halpern, Lewis Hiney, Seymour Melchion, Thomas Schelling, and Louis Solz, author of the recent report, The Cost of War.

In the light of the armaments race, the Soviet nuke talks at Geneva on March 14, the three days of study concentrated on the political, economic, and military aspects of disarmament and arms control, with the moral issues involved being played down, stated Dave Mortensen.

Wooster Symphonic Band

For the first time in this century, a symphony by Dmitri Kabalevsky, contemporary Russian composer, will be performed when Violinist Michael Davis appears in Wooster's Family Friday in the chapel Sunday at 8:15 p.m.

Miss Mary Jane Sibley of the music department will accompany Mr. Davis on the piano.

The performance will be in preparation for the Tchaikovsky International Competitions in Moscow next April in which Ms. Davis is scheduled to participate.

In 1961, Mr. Kabalevsky wrote the symphony as one of the selections to be performed by the participants at the competition.
