No. 24

HOUSE MAJORITY LEADER SPEAKS MONDAY

Dr. Harlan Hatcher Selected To Speak At Commencement

by Barbara Randall

Dr. Harlan H. Hatcher, President of the University of Michigan, will give the principal address at Commencement on June 4. A member of the class of 1922 from Ohio State University, Dr. Hatcher received his A.M. and Ph.D. degrees from his Alma Mater, and studied at the University of Chicago and in Europe.

At Ohio State, in addition to his teaching service as instructor and professor, Dr. Hatcher was also Dean of the College of Arts and Sciences (1944-48), and vice president (1948-51). In 1918 and again in 1942, he took time out from his teaching duties to enter the armed forces.

Dr. Hatcher is a member of the Modern Language Association of America, the American Association of University Professors, the National Council of Teachers of English, the Great Lakes Historical Society, the American Historical Society, and Phi Beta Kappa.

In addition to writing such books as "The Versification of Robert Browning", 1928; "Tunnel Hill", 1931; "Patterns of Wolfpen", 1934; "Creating the Modern American Novel", 1935; "Central Standard Time", 1937; "The Buckeye Country: A Pageant of Ohio", 1940; "The History of Ohio", Vol. VI (with others), 1943; "Modern Dramas", (Shorter Edition) 1944; "The Great Lakes", 1944; "Lake Erie Great Lakes Series", 1945; "The Western Reserve: The Story of New Connecticut in Ohio", 1949; "A Century of Iron Men", 1950, he has edited several editions of dramas, and contributed professional articles and fiction to magazines.

Preceding his address, Dr. Lowry will present Dr. Hatcher with an honorary L.H.D., in recognition of his contributions to letters, his teaching and administrative abilities, and his public service.

Other Commencement Plans

Friday, June 11, will be highlighted by the alumni golf tournament at 1 p.m., President and Mrs. Lowry's "At Home" from 4:30 to 6 p.m., and the performance of the Color Day play, "Mrs. McThing".

Dr. David H. Dickason of Indiana University will be the speaker for the meeting of the Friends of the Library on Saturday. The Alumni will begin its reunions with the annual business meeting at 10:30 a.m. Saturday. Luncheon, picnics, open house, the Alumni parade and dinner, and the Alumni dance will provide many opportunities for alumni to renew old friendships.

Baccalaureate Address

Dr. Lowry will give the Baccalaureate Address on Sunday. Members of the graduating class and their parents will be guests of the Lowrys that afternoon, and will attend the Choir Concert in the Chapel that evening. At that time the J. S. Bach motet, "Jesus, Dearest Master", and parts I and IV of "The Seasons" by W. Mozart, will be presented.

On Quinby Quadrangle Monday morning, the graduating class will receive their diplomas, sing "The Love Song," and officially become alumni of the Class of 1954.

Concert Choir Sings In Detroit

A quick trip to and from Detroit by members of the concert choir is scheduled for May 25. In Detroit they will sing J. S. Bach's motet "Jesus, Dearest Master" at the Presbyterian General Assembly.

This performance will be repeated at the Commencement Concert on Sunday evening, June 13, at 7 p.m. in the chapel. At that time they will also sing parts I and IV of "The Seasons" by Mozart.

Charles A. Halleck

Charles A. Halleck Addresses Students On Some Present Washington Problems

Charles A. Halleck, majority leader of the House of Representatives, will speak in the chapel at 8:30 p.m. on Monday, May 24. His address, which concludes the Institute of Politics program for this year, will touch on some of the problems of the present administration. It should be of interest and importance to every student. The program is open to the public, and no admission will be charged.

Wakely Awarded Hayes Memorial

Robert Martz, chairman of the committee representing the MA to pick the 1954 winner of the Hayes Memorial Award, has announced that Jack Wakely, Third Section senior, will receive the award this year. The award, established in memory of Bob Hayes, will be given yearly to a senior man who has displayed outstanding sportsmanship and athletic ability in the college intramural sports program but who has never won a varsity letter.

Jack, a psychology major from Mansfield, Ohio, served this year on both the Student Senate and the Student-Faculty Relations Committee. He has played intramural basketball, baseball, volleyball, and football.

The selecting committee consists of eight men, representing the eight sections.

Hartsough Fills Senate Positions

The first official meeting of the 1954-55 Student Senate was held on Monday, May 17, in the Student Senate room. Positions being held by the new senators under President Don Hartsough are: treasurer, Bob Black; properties, Bob Mitchell; movies, Jack Dowd; elections, Fred McKirachan; nominations, Peg McClelland and Dave Little; Nancy Harris is continuing as secretary and Sandy Siegfried as social chairman. SFRC representatives will be Peg McClelland, Jack Dowd, Bob Black, and Dave Little.

Senate Appointments

The following non-senator appointments were approved at the meeting: career week chairman, Margie Pardee; publicity chairman, Paul Davies; orientation chairman, Blake Moore.

The senators began the annual review of the by-laws, which are to be codified and reviewed yearly. An amendment was passed to the effect that there be one central polling place for elections, instead of holding them in the various dormitories, as now stated in the by-laws. A recommendation was made that the new SCC president give a speech in chapel after his election for the purpose of explaining his duties and program. The amendment was made that the Color Day chairman be paid a salary of \$30.

Directory Editorships

It was announced that the editorships of the Student Directory and of the Freshman Directory are now open. All those interested should submit their names and qualifications to the Senate. The co-editors of the Student Directory receive a salary of \$20 per person and a total of 25% of the advertising receipts. The Freshman Directory editor receives a salary of \$50.

More suggestions were requested for the book discussion lists.

Senate Sponsors Ice Cream Party

University Street will be filled with people and ice cream the night of May 29 when the Student Senate sponsors its annual ice cream party. Scheduled to start at 7:30 p.m., the affair will be financed with part of the proceeds from the Color Day weekend.

Bob Seaman will head the committee in charge. There will be music and dancing in the street and more than enough ice cream for all.

Marilynn Roth Wins YW Post

At the recent Tar Hollow Young People's Meeting, sponsored by the YWCA and YMCA in Ohio, Marilyn Roth was elected District Representative of the northern Ohio YWCA. There are approximately 15 colleges included in the area.

Marilynn's chief duties will be informing other colleges about the state and national YWCA programs, planning and conducting the fall workshop meeting, and planning and conducting next year's Tar Hollow Conference. She will attend the Y camp at Lake Geneva, Wisconsin, from June 11 to 18, for leadership training.

Cafeteria Open

At the request of college authorities, Keeney's Cafeteria will be open on Commencement Day, June 14, for breakfast and luncheon. Hours are: 7 to 9 a.m., and 11 a.m. to 2 p.m.

Ordinarily the cafeteria is closed on Monday, but because of the many visitors in town, particularly parents of graduates, Mr. Hersman has agreed to be open for business as indicated.

"Ruy Blas", a French film with English sub-titles, will be shown in the Chapel at 7:15 p.m. on Saturday, May 22.

The film, which is based on a novel by Victor Hugo, will be the last Senate-sponsored movie of the semester.

Dr. Lowry Travels To British Parley

President Howard Lowry has been invited as the guest of Washington University, St. Louis, to go to England this summer for a week's conference in Cambridge with Dr. Arthur H. Compton and others. The conference group will include the Dean of the Liberal Arts College of Washington University and two or three guests invited from England and France. The purpose of the conference is to plan part of Washington University's program for the coming year.

President Lowry will fly from New York to London on June 22, and must be back in the United States by July 12 in order to meet certain appointments at the University of Wisconsin. He will sail home on July 6 on the "Ile de France".

Dr. Compton, who recently resigned the chancellorship of Washington University, is currently on a trip around the world. In the autumn he will take up his new duties as Professor of Natural Philosophy at the University.

"Mrs. McThing"

"Mrs. McThing" has been such a successful Color Day Play that it will be repeated by the same cast at commencement. Ticket sale begins Tuesday morning, June 1. Prices are 90 cents for Friday, June 11, at 8:15 p.m. and 75 cents for Saturday, June 12, at 2:30 p.m.

College Praised By IIE Group

The College of Wooster was recently named for outstanding contribution to the advancement of world understanding by the Institute of International Education, New York City. Mr. Kenneth Holland, president, announced that Wooster has become a member of the Educational Associates of the Institute, a group of 170 American colleges and universities which are contributing to the support of the 35-year old educational agency. Praising Wooster's participation in the student exchange movement, Mr. Holland said that, in its co-operation with the international exchange of persons program, it was bettering the foreign relations of the United States.

The Institute of International Education is a private organization ad-

This year's Index will appear either late this week or during the early part of next week and may be picked up in the Index office.

ministering exchange programs between the United States and 81 countries of the world. It cooperates with hundreds of American educational institutions in the selection and placement of exchange students, arranging to bring over three thousand persons to the United States annually under its auspices. The Institute is also the agency which screens American students for the government's Fulbright program for graduate study abroad, and through this and other programs is instrumental in making foreign study available to more than one thousand Americans each year.

Morey, Howland Head WCW Staff

by Ned Wolfe

Next year's staff for the college radio station, WCW, has been selected.

The new station manager is Dick Morey, a junior from Erie, Pa. An announcer and co-manager this year, Dick has had experience in commercial radio and television. A history major and vice president of Fourth Section, he has been a member of the swimming team, the Student Senate, SFRC, and the Color Day committee.

Howland Assistant Head

Assisting him will be Don Howland, a member of Third Section from Youngstown, O. Co-manager this year, he has been on the staff of WCW for a year and a half. Before transferring to Wooster he had some experience on WOUL, the radio station at Ohio University. A psychology major, Don's interest lies in the religious aspect of radio and television.

The Program director for the coming semester is Dick Hyde, a freshman member of Eighth Section from Canton, O.

Samsel Head Engineer

Tom Samsel, the new head engineer, is a freshman from Midland, Michigan. He belongs to several of the college musical groups and makes a hobby of radio. A physics major, he plans to be a research physicist.

As far as plans for next year are concerned, the station expects to obtain some new transmitting equipment, to build up its record library, and to have an arrangement with some of the record companies to get new releases immediately. In order to build up student interest, an attempt will be made for greater student participation in the operation of WCW, and an expansion of the program to fit the interests of the student body. There will be complete sports coverage, including the broadcasting of football games. Tape recordings of Student Senate meetings and such will be broadcast in addition to the broadcasting of SFRC meetings. A training school will exist next year in order to make the station function on a more professional level.

In Our Opinion—

Segregation Is Constitutional

At the beginning of this last week, the Federal Supreme Court announced that racial segregation in public schools is inherently unequal, thus abandoning their former stand which held that schools can be separate as long as their facilities are equal. From the days of John Marshall through the era of the great dissenters until the present, this body of nine old men, as they have sometimes been called, has increasingly read a social philosophy into their decisions. James Reston, in a special report to the New York Times, stated that the court relied more on the social scientists than on legal precedents—a procedure often in controversy in the past. The court insisted on equality of mind and heart rather than on equal school facilities, a principle which is very difficult to justify by law.

Attempts in the past at legislating against social mores, as this decision does in effect in the South, have generally produced unnecessary strife and have generally failed. Although we agree that segregation is an evil that should be rectified as soon as possible, we do not agree that the federal constitution forbids this evil, or that this decision is necessarily wise anyway. Before any real progress can be made in the field of racial discrimination, the states themselves must become aware of the problem and look upon it as an evil. It is from this level of government which controls education and which is closer to the people that such a move must originate. In the state legislatures rather than in the halls of Congress or the Supreme Court building, the mores of the people are more accurately represented and can be more skillfully dealt with.

Previously, the Supreme Court has almost universally upheld the principle that their jurisdiction extends only to cases of law arising generally under the domain of the written constitution. They have always considered it their job to interpret a law in relation to the constitution, not to judge a law upon its wisdom or moral correctness—a job for the legislative branch of the government. The legal basis for this present case appears to be strained by the justices of the high court in an effort to find a legal justification for a moral decision. It still remains legally unclear to us how equal, although separate, facilities deprives a citizen of equal protection of the laws. The court decision has driven another nail into the coffin of states rights.

"The object of that amendment (14th) was undoubtedly to enforce the absolute equality of the two races before the law, but in the nature of things it could not have been intended to abolish distinctions based upon color, or to enforce social, as distinguished from political equality, or a commingling of the two races upon terms unsatisfactory to either. Laws permitting, and even requiring, their separation in places where they are liable to be brought into contact do not necessarily imply the inferiority of either race to the other, and have been generally, if not universally, recognized as within the competency of the state legislatures in the exercise of their police power. The most common instance of this is connected with the establishment of separate schools for white and colored children, which has been held to be a valid exercise of legislative power even by courts of States where the political rights of the colored race have been long and most earnestly enforced."—(Plessy v. Ferguson, 163 U.S. 537)

—J. C.

Brotherhood Meals Appreciated

Editor's Note: Recently two checks, each of them for \$231.30, were sent to East Harlem Protestant Parish and to World University Service. The monthly brotherhood meals made these gifts possible. The following are excerpts from the thank-you letters which were received.

The first comes from the East Harlem Protestant Parish:
Dear Friends:

It was with real joy and appreciation that we received your magnificent check . . .

The interest and concern for the work of the Parish has grown tremendously over the past several months, and we are more and more conscious of the fact that we are not alone in our ministry here . . . It means a great deal to all of us to know that Wooster College has had an important share in this work.

Sincerely,
Florence Borgmann
Administrative Secretary

The World University Service also expressed its thanks:

. . . This continued and thoughtful expression of concern is important not only because of the physical needs which it will help to meet among needy students and faculty throughout the world, but also because it represents a strong link in the establishment of a chain of mutual understanding and self-help among the university communities throughout the world. . . . By way of example of a typical WUS project, I want to share with you the good news that we have just been able to open the first student dormitory in Seoul, Korea. This will provide much needed housing for the neediest students who are determined to study under difficult circumstances in Korea.

I hope that you will convey to all those who made the contribution on your campus possible, our heartfelt thanks and appreciation.

Sincerely,
Frank G. Sulewski
Regional Secretary

Is There Spring Apathy?

To the Editor of the VOICE:

I am writing to you because I need some answers I thought maybe you or your readers could supply.

I would like to know the reason for the general apathy on this campus. It has been manifested in the turnout to help on some of the recent Student Senate and Little Theatre productions.

The crew members for "The Rivals", although hard-working, were few in number. The crews for "Mrs. McThing" were even smaller and those for the Color Day pageant were practically non-existent.

The decorating committee for the Spring Formal was pressed into service at almost the last minute since only one person volunteered and the gym was certainly not overrun with decorators for the Color Day dance.

I'm told that this lack of enthusiasm occurs every spring. What I can't understand is why. The burden always seems to fall on a few who are willing to spend the time. What will happen when these few no longer appear, or is there truly one born every minute? Will it some day be necessary to plan all events for the fall to insure workers?

I would really like some answers to these questions.

Sincerely,
Judy Keller

McKee Praises Color Day

To the Editor of the VOICE:

Color Day '54 came up to the highest expectations of all who dreamed of a great 50th celebration. The most-cherished student day in our history was given a golden anniversary which will rank with great Wooster fete days. Best of all, it was a student day, conceived, planned, directed, acted, sung, danced and played.

Through the years every phase of the development of Color Day has been student inspired, with the result that an ever-changing holiday has been kept true to great traditions like the coronation and the pageant, while being adapted to new ideas and new times.

When Color Day was moved to the stadium in 1925, Shakespeare's words seemed too true—"All the world's a stage"—for the stage seemed to be before us in its vastness. Within a few years, however, the pageant was adapted to the new medium. Now with recordings, sound effects and the public address system, the pageant has been developed to an impressive outdoor entertainment.

We salute all who contributed to the success of the day and also the events of the weekend, from the play opening on Wednesday to the all-college sing on Sunday, not forgetting the athletic victories of Saturday afternoon. Chairman Dick Sheppard did a superb over-all job and was highly praised by the returning queens for many courtesies extended. The publicity, business management, ticket sale, decorations and program all showed the splendid results which come from careful planning and hard work.

As to the pageant itself, written by Scott Craig, directed by Bill Caskey, with costumes by Mary Mutch, setting by Bob Wettstone, choreography by Dave Figg and recording by John Kirk, it was an artistic triumph. The greatest throng in Color Day history saw the finest pageant, in my opinion.

The thanks of the thousands who saw Wooster at her best are given to all the students who made the 50th Color Day distinctive and memorable.

John D. McKee
Director, Alumni Relations

Lizza's Line

by MARCIA LIZZA

The end is here! With this issue, "Lizza's Line" officially goes into Wooster mothballs! But someday you may pick up a paper in a little two-house town in Podunk, Alaska called the "Podunk Gazette" and there you'll see my by-line with Lizza the professional obituary recorder!

The annual Queen's Ball took place at 8:15 p.m. last Friday night, in Lower Babcock. Streamers were on all the columns while posters, with the names of past queens, were on the walls. Ellie's "throne" filled the gap in the middle of the room.

Saturday, May 15, at 9 p.m. in the Gym the Color Day Dance took place. Entrance into this affair was made through a doorway of white crepe paper trimmed with red roses. The rest of the decorations consisted of white streamers.

Before signing off—a word of thanks to the many sections, clubs, and most of all the students who helped in any way by giving me information for this column. Call me up when you need an obituary written in the future and I'll get it in the "Podunk Gazette"—perhaps on the first page!

SCOTS TAPE

by SHEILA McISAAC

I'm trying to get this written while everyone else in the VOICE office is chuckling over old copies of "Arnold". Ordinarily, Mr. Bindley impersonates Arnold. Mr. Bindley isn't here right now, but so far the most recent copy of "Arnold" has been read aloud three times. Oh, ish!!

In spite of the fact that "Arnold" is being read, the radio is playing, the Boy Scouts are conducting a meeting on one side, and a trio is practicing on the other, I shall endeavor to tell you about the last meeting of the Young Democrats Club. Former Congressman John McSweeney spoke, and election of officers was held. Virg Musser is the new president; Don McNutt, vice president; Nancy Orahood, secretary; and Sue Harrar, treasurer. Jerry Carlisle and Chuck Kinzie were elected as delegates to the State Executive Committee.

Not to slight the Republicans, they held their last meeting Monday night. The Hon. George Farris told about the duties of a corporation counsel. Keith Henry was re-elected president; Harry Sutherland will serve as vice president; Marjory Fullerton as secretary; and Jack Hornfeldt as treasurer. Ebe Blakeman, Bob McQuilken, By Morris, Sally Roberts, and Doug Russell are the new members of the executive committee.

To complete the political news, Pi Sigma Alpha, the political science honorary, held a picnic last week in City Park. More new officers were elected. President is Blake Moore; vice president Ed Eberhart; secretary, Harry Sargeant; and treasurer, Bob Igoo.

This Sunday at 2:30 p.m. the Wooster Scot Band (plus dates) will go to Long Lake for a picnic supper. I'm asking people here where Long Lake is, and it is the consensus of opinion that it is 10 miles (maybe 20) south of Wooster on Route 3. Turn left on some dirt road, and you might get there (and again you might not). As a matter of fact, I can't tell whether they're kidding me or not. The college bus driver will know, maybe.

I spent two days trying to get in contact with Jo Slocum. The purpose behind all that calling was to get the names of the new officers of the Sociology Club. When I finally contacted her, I found Jo Harper was the person I wanted. Sue Comstock will take over the presidency from Jo. Mimi Strouse is vice president. Kathy Landgraf was elected program chairman, and the publicity chairmen are Bill Gurley and Susie Taggart.

I guess the only things I have left to talk about are the YWCA meetings tomorrow and Sunday. Tomorrow at 8:00 (in the morning) the old cabinet, new cabinet, and Advisory Board will leave for a retreat at Mrs. Robert Wright's farm. They will talk about this year's accomplishments and plan for next year. Sunday afternoon at 3:30 the Advisory Board will give a tea for the cabinets at Mrs. Wright's home.

That's all. You can rest all summer long without being subjected to "Scots Tape".

Voice Of A Young Democrat

Speaking not as a partisan Democrat but as a young Democrat, one often has occasion to decry the apathetic and undemocratic air swirling about the nation and more specifically around this campus. We here at Wooster have, as part of our Christian obligation, a duty to make ourselves aware of national and international developments, in order that we might safeguard our way of life. Yet, living up here on this hill as we do, we evidence little concern for the world of contemporary politics. If we are to be useful citizens when we drive down off this hill of ours at commencement time, we ought to endeavor to mitigate the wide gulf between ourselves and our social responsibilities.

There are, undoubtedly, girls on this campus who have had boy friends or husbands fighting in Korea and yet, if requested to locate that nation on a map, they would be unable to do so. Well, we had all better investigate the location of this country called Indo-China. The girls may be writing there soon and the men may be there all too soon!

The current Senate hearing was made a topic for conversation the other night at supper, and although almost everyone had opinions on the subject, the fact that the original purpose of the hearing was so soon forgotten was not too well concealed. Almost everyone expressed a different idea concerning the hearing's purpose, and all were wrong. But worse yet, most people aren't even following the show in the newspapers. We should probably all watch the hearings for a day or two in order to gain an appreciation of the spinelessness of some of our Senators and of the stupidity and dishonesty of the Junior Senators from Wisconsin in particular. Then we should all write our congressmen requesting that they do what they can to rid our television sets of that shameful farcical show. After this we could sit back and watch the Cleveland Indians, who are at least putting on a good show this year.

None of us can afford to be apathetic because too much is at stake. The gnawing tyranny in this nation will touch us all. Those of us who are entering journalism may some day find ourselves in a position comparable to the one in which James Wechsler found himself. One of our prospective ministers may fill Bishop G. Bromley Oxnam's shoes before a congressional committee. Some of our physicists may be potential Dr. Oppenheims. Those of us who enter the army may be requested to make the bunk and clean the rifle of Pvt. G. David Schine.

Don't be apathetic! That's worse than being a Republican!
—Chuck Kinzie

BAWLS OF IVY

by N. T. VARKONYI

The college student today demands a more specific education in one field because of the professional specialization created by man's progress. This specific preparation can be defined as a practical education. It has been voiced by several students here at the college that they will not have been adequately prepared at the time of graduation for the field they seek to enter. The demand for a more practical education is not a peculiarity of any one campus.

A practical education is becoming more necessary with the constant creation of new professions or the sub-divisions of older professions. The aeronautical engineer developed during our fathers' lifetime; the virologist, city manager, or atomic physicist within our own lifetime. Indeed, the practical education of students for these fields is necessary for the continuation of man's progress in all respects. Norbert Wiener, in his book, "Cybernetics", predicted man would achieve such a specialized state that he will be trained for only a narrow sphere of specialized activity. The student will logically demand a more practical education in the face of such rapid progress in diverse fields.

However, the question arises, how much practical education? Should Norbert Wiener's prediction become a reality, conceivably the result could be the development of the college which taught nothing but economics, biology, or archeology, etc. The demand for a practical education would then certainly be satisfied. But the wisdom of such an education in the foreseeable future can be seriously questioned.

The American Medical Association recently, and perhaps ironically, complained that colleges are graduating too many doctors who know nothing but medicine. It was found that these practically educated men were incompatible with men of other interests. This concern about over-specialized education has been further emphasized by psychologists who believe that the many frustrations and hypertension of individuals are due to the lack of some outlet other than their everyday work for their intellectual or physical emotions. The psychologist is frankly alarmed about our rapid specialization and the consequent training and envelopment of the individual in a constricted, specialized orbit of activity. This would imply that the individual, the student, should expose himself to a more liberal education and acquaint himself with an "outlet medium". It appears that a compromise must be reached between a liberal and a practical education.

This compromise in education will be very difficult to achieve, if at all. The college student of today wants to rush into a salaried profession as quickly as he can. He would take that specialized training which would expedite this. He is apparently reluctant to spend more than the minimum years for his practical training. In the students' demand for such a practical capsule education lies an inconsistency. For by prolonging his education and assimilating at least fragmentary knowledge of several subjects, the student will not only achieve a practical education but also a practical pattern of life.

Shep Expresses Thanks

To the Editor of the VOICE:

I want to take this opportunity to thank all those people who helped make Color Day weekend the huge success it assuredly was. It would be impossible to name them individually because there were more people associated in one way or another with this Color Day than with any in the past.

There are, however, several people who should be recognized for doing outstanding jobs. The pageant was the best Wooster has seen in sometime, thanks to Scott Craig, Bill Caskey, Dave Figg, Mary Mutch, Bob Wettstone, John Kirk, Miss Mary Jean Buccalo and the many people responsible for the voice, pantomime and dancing parts. Marilyn Roth deserves a special word of thanks for the most attractive sets ever.

Without the Color Day Committee there would have been no elaborate celebration. The following persons made up the committee and deserve special mention: Business Manager, Bob Kerr; Queen's Manager, Paul Davies; Ticket Sales, Peg McClelland and Dick Morey; Concessions, Bob Mathewson; Programs, Marcia Lizza; Decorations, Demi Takeshita; Events Calendar, Skip Walton; Publicity, Carolyn Wedge. There were many people who worked under each of these committee heads and whose names are to be found in the program.

As has been the case for many years in the past, Mr. John D. McKee has been a great help in matters of proper procedure for the events of the weekend. Special thanks goes also to Mrs. Howard King, Mr. Paul Morrill, Mr. Art Murray, Mr. Jay Clapp, Mr. Curt Taylor, Miss Leila Compton, Mr. William Craig and Mrs. Nancy McSweeney.

A great deal of our success was due to Ellie Welsh and her court. Ellie took many of the details off our hands and did a lot of work not usually given to "royalty".

The weekend would not have been complete without the band concert in the afternoon and the All-College sing in the evening. Mr. Stuart Ling and Tom Shaffer are to be congratulated on the success of both events.

Once again, thanks for everything.

Dick Sheppard,
Color Day Chairman

WOOSTER VOICE SPORTS

The Foul Line

by PAUL MARTIN

With the coming of the Ohio Conference track meet at Delaware on the 28th and 29th of this month, Wooster will be saying goodbye to three seniors who have served their alma mater well. The trio who will graduate are Bob Voelkel, Bill Prouty and Paul Kiplinger.

Voelkel and Prouty are both two-lettermen. Voelkel gained a great deal of his fame as a forward on the Scot basketball team. Prouty's other letter was earned in football.

So far this season, Voelkel has won seven firsts. Four of these have come in the high jump and three in the broad jump. Prouty has entered four meets this year and each time has won both the 100 and 220 yard dashes. Kiplinger, who throws the discus, has won several honors and thirds thus far.

Congratulations are due Fred McKirachan who did not run track last year but has won the 880 yard run consistently this season. Bob Marshall was not out for the sport last year either, but has showed great promise. Three freshmen, Rod Buckson, Bob Rafos and Stan Hafford have earned themselves a great many points. Rafos is followed by the shot put by Buckson and Seifried competes in the relays and hurdles.

Today will be a big day for the Wooster golf and tennis teams as they begin competition for the Ohio Conference crowns in those respective sports.

The first round of tennis matches is slated to get under way at Oberlin. The first 18 holes will be played on Wooster's home course in the golf world. Both of the preliminaries for these contests will begin early in the morning. On Saturday, the second round of the golf tournaments will be held and also the finals for the tennis matches.

Although the track team will not be competing this weekend, John Swigart's baseball team will be traveling to Oberlin where they have a return game with the Yoemen on Saturday.

The big attraction next week will be at Ohio Wesleyan where the Musemen will be defending their Ohio Conference track title. The meet will be held on Friday and Saturday. This contest will officially conclude the college sports for the spring season of 1954.

The college spring sports teams now, as of Tuesday, have a record of 20 wins, 14 losses and two ties. There are now less than two weeks of competition left.

THESE ARE THE

Twins of
Championship
Tennis

The Tennis Twins (Spalding-made) are unmatched in their record in top tournament play. And here is the clinching proof: The Wright & Ditson is the only official tennis ball used in all U.S.L.T.A. National Championships (since 1887). Official, too, in all U.S. Davis Cup Matches. Official adoptions of its twin, the Spalding, in other leading tournaments assure their championship stature in American tennis. Play the championship twins to your own advantage.

SPALDING
Sets the Pace in Sports

Scots Win In Color Day Sweep

Baseball Team Spilled By Muskingum; Win From Otterbein And Mount Union

Playing on their home diamond, the Scot baseball team whipped Oberlin by a final score of 8-5. Dick Milligan, the starting hurler, went the full distance and scattered seven hits very effectively. He was saved in the eighth inning by a fast double play. Don Balz and Don Morris of Wooster each slammed out three hits as the Wooster nine won their fifth game of the season as against three losses. The cold weather didn't seem to bother the Scots as they hit the ball well.

The six runs that the Black and Gold needed to win came after an error and a wild pitch. Dick Jacobs was safe on the error and he moved to second on a bad pitch. Barta popped out and Stoner walked. Jacobs came home on a double by Balz and Stoner went to third. Cliff Elliott singled home two runs. After By Morris singled and Dyke Kanai walked, Elliott came home on another wild pitch. Oberlin's coach then removed his pitcher and the new hurler was promptly greeted by a two-run single off the bat of Don Morris.

Playing at Otterbein on the 14th of this month, Wooster blasted the Otters with a total of 15 hits. The final score, coming after four double plays, was 7-4. Barta, Stoner, and Balz each drove out three hits. Stoner was the only Scot to hit for extra bases as he smashed a two-run triple in the fourth inning.

Bill Pelham, starting his first game for the Scots, was the winning pitcher. This ran Wooster's percentage to .667 as they won their sixth game out of the last nine starts.

The college's first run came in the first inning when Barta was hit by a pitched ball, stole second and scored when Balz and Elliott singled. In the third, Barta singled, took second on an error and was singled home by Bill Stoner. Balz then singled for his second hit, scoring Stoner. Elliott was hit by the pitcher and By Morris doubled but died on base.

In the fourth, Don Morris was hit by a pitched ball and Bill Pelham grounded out. Jacobs then singled, Morris taking third. A single by Barta brought home a run and Stoner's triple scored Jacobs and Barta.

Wooster put on an exciting game for a large Color Day crowd as they won their second game of the season from Mount Union by a score of 12-10. The hectic battle was not finished until there had been 23 hits made, 15 errors committed and 11 bases on balls given. The Scots held a comfortable lead for six innings, but then By Morris seemed to lose his control. A seven-run outburst almost buried the home team.

In the eighth, Wooster came back on several errors by the Purple Raiders and a pair of timely hits. Singles by Balz and Elliott, a hit batsman and interference by the catcher put the home nine in the lead to stay.

Weinman replaced Morris in the seventh but got into trouble in the eighth. Milligan relieved Weinman and promptly halted the rally.

Ashland played errorless ball as they routed Wooster 19-0 last Monday on the winning team's field. Ashland's Ed Pomphrey scattered seven hits and struck out eight batters.

The Scots managed to complete three double plays. Of the four pitchers for Wooster, a reserve outfielder, Jack Pozenal, was the only one who was able to put down the Eagles in order. Four errors by the visitors led to several unearned runs.

Second, Seventh Lead Softball

by Dean Acker

The season's first shutout, two tie games, and some high scoring contests featured last week's intramural softball schedule. Seventh's Dave Little pitched good ball for Fifth's defending champions but was the victim of some faulty fielding by his teammates.

The tie game came on Thursday and Friday, both involving the Rabbits. Third's second team tied Eighth 7-7 and First 12-12.

Third came up with five runs in the sixth to beat Sixth 8-6 on Wednesday. Other scores of the week were: Tri Kapp's 24, Fourth 2; Second 32, Fourth 4; Seventh 6, Sig's 2; and Tri Kapp's 25, Kappa Phi's 9.

At this writing Second and Seventh are tied for the league lead with six wins and no losses each. Third, with just one defeat, is ready to move into contention if the leaders should falter. Eighth, Sixth, Fifth, and the Tri Kapp's with two losses each retain outside chances to take the crown.

The standings as of Monday:

II	6	0
VII	6	0
III	4	1
VIII	4	2
Tri Kapp's	3	2
VI	2	2
V	1	2
Rabbits	1	1
Kappa Phi's	1	4
I	0	3
IV	0	4
Sig's	0	5

Cherchez La Femme

by BOBBIE WALLACE

Attention, women!

The Annual Recognition Banquet will be held this evening at 6:30. The results of the elections held at the annual tea are as follows:

President, Marcia Harper; vice-president, Anne Anderson; secretary, Pat Beckstein; social chairman, Jan Ackers; publicity, Mary Ellen Buckstaff.

Managers: Swimming, Nancy Oranhood; volleyball, Jan Coulson; badminton, Ruth Ann Ashbaugh; basketball, Rosetta Wherely; cabin, Windy Henry; softball, Ginny Strauss; fencing, Joyce Cappon; modern dance, Hidemi Takeshita; bowling, Florie Macleod; golf, Mary Lemke; hockey, Dot Hinegardner.

Captain Robert M. Dillbert and Aviation Cadet Selection Team No. 412 are coming to the College of Wooster to show you how. They'll be here in 4 days. Meet them in the lounge of Kenarden Hall during their stay.

Muskies Edge Munsemen In Close Meet; Harriers Upset Mount Union, 66-61

Muskingum's track team defeated Wooster's thinclads in a meet that saw only 11 events concluded. The last four running events were rained out. A late afternoon thunderstorm flooded the track.

The Scots' majority of points came when they scored four firsts in the field events. Fred McKirachan won the 880 yard run in a pouring rain. This was the third time in a row that this race has been run in a rainstorm.

The meet, lost by a final total of 53 1/2 to 41 1/2, ended at an unfortunate time. The Munsemen were depending heavily on the needed points in the 220 dash and the mile relay.

The Scot track team copped both the mile relay and the broad jump last Saturday as they whipped a highly-favored Mount Union track team by a score of 66-61. Wooster took eight first places in one of the closest meets seen here in a long time. The Scots managed to win only after the lead had changed seven times.

Half mile relay—Mt. Union (Kline, Ray, Bolton, Block) won. Time: 1 min. 55.2 sec.

Mile run—Stevens (M) won; Keen (W) 2; Dilg (W) 3. Time: 4 min. 45.6 sec.

440 yd. dash—Stoops (W) won; Bolton (M) 2; Dawkins (W) 3. Time: 53 sec.

120 yd. hurdles—Kardos (W) won; Kline (M) 2; Tichner (M) 3. Time: 18.1 sec.

Pole vault—Humphries (W) won; Monos (M) 2; Kline (M) 3. Height: 9 ft. 6 in.

High jump—Voelkel (W) won; Lamb (W) 2; Kline (M) and Tichner (M) tie for 3. Hgt.: 6 ft. 1 7/8 in.

Shot put—Rafos (W) won; Vanderbilt (M) 2; Buckson 3. Distance: 42 ft. 3 3/4 in.

Half mile—McKirachan (W) won; Hill (M) 2; Marshall (W) 3. Time: 2 min. 2 sec.

220 yd. dash—Block (M) won; Prouty (W) 2; Bolton (M) 3. Time: 22.3 sec.

220 yd. hurdles—Kline (M) won; Kardos (W) 2; Nyland (W) 3. Time: 27.5 sec.

Discus—Vanderbilt (M) won; Reh-fuss (M) 2; Buckson (W) 3. Distance: 124 ft. 1/2 in.

Two mile—Stevens (M) won; Keen (W) 2; Dilg (W) 3. Time: 10 min. 28.9 sec.

Broad jump—Voelkel (W) won; Kline (M) 2; Lamb (W) 3. Distance: 21 ft. 4 1/4 in.

Mile relay—Wooster (Gardner, Dawkins, Stoops, McKirachan) won. Time: 3 min. 55.5 sec.

Netmen Lose Two; Golfers Roll On

Playing on Kenyon's courts last Thursday, the Scot netmen were bested by a score of 7-2. The Lords proved to be too strong a match for Wooster. Frosh Dick Garcia came through again to be the only Wooster racketeer to win his singles match. Lonnie Price and Lou Mollica were the victors for the Scots as they copped the third doubles.

The tennis team dropped a close match to Oberlin on the winning squad's courts last Friday. The score, which did not indicate the evenly matched contest, was 6-3. Freshman Dick Garcia and junior Jim Lindsay were the only two who won their singles matches for the Scots. Mark Byers and Lindsay teamed up to take the only doubles victory for the visitors.

Golf Results

Wooster's golf squad defeated Kenyon at home last Friday by a score of 11 1/2 to 4 1/2. Barry Campbell was the medalist for Kenyon with rounds of 38 and 39 for a total of 77.

All four of the Scot golfers shot in the 70's as the home team rolled to an easy victory over Heidelberg last Saturday. The final score of the match, which was played before a large Color Day crowd, was 14 1/2 to 1 1/2.

Wooster's No. 2 man, Ralph Ely, was the day's medalist with a pair of 38's for an 18-hole total of 76. Mel Riebe shot a 79. Bill Gurley and Jack Dowd each carded 79s for the Scots.

Stan Seifried Wins New Speech Prize

Stanley Seifried is the winner of the newly established Perley W. Dozer Speech Prize. This contest is open to freshmen who have registered for the fundamentals of speech course. Of 14 contestants, one from each of the first semester speech classes, four finalists were selected. They were Nancy Mohr, Selma Hokansen, Dick Hyde, and Stanley Seifried. Stan won first place and \$50 with an extemporaneous speech on a particular phase of current events.

The contest was established by Perley W. Dozer of Zanesville, Ohio.

"ARNOLD"

Professors Plan Vacation; Several To Tour Europe

by Sherry Slater

Wooster professors are full of ambition! Yes, sir, this summer holds many experiences in store for them. Take Mr. Trump for example. He plans to hoe Mr. Gore's tomatoes while Mr. Gore is studying for his Ph.D. at Eastman School of Music!

Then too, there's going to be a mass migration to Europe. The McGraws are leaving July 4, from New York City, with a study group from Case Institute of Technology and will cover nine countries in seven weeks. They will attend two operas, one while in Rome, the other in Paris, and also two stage productions in Munich, Germany, and Stratford, England. Among the many tours, will be a visit to Dachau, a German concentration camp, and Heidelberg University. Included in this trip are free days, one of which Mr. McGraw plans to use in looking up a friend in Switzerland, who is also a mutual acquaintance of Hans Jenny.

Study Tour

Miss Guille and Miss Harrah are taking French and Spanish students on a study tour through Europe. They leave together on a student ship, SS Waterman, on June 21. A special ship program includes talent shows, movies, and discussions and group studies on the culture and history of various countries for credit hours. They will dock in Holland, visit Amsterdam, and then cross over to London, England. Here they will see the Tower of London, Westminster Abbey, British Museum, Buckingham Palace, University City of Oxford, Royal Windsor Castle, and attend a performance of one of Shakespeare's plays. Then on to Paris where the French group will study for a month and the Spanish Party will sightsee and then move to Spain to study also. The groups will reunite in Grenoble, France, August 10, and will continue to Verona, Venice, Austria, Switzerland, and to Lucerne for two days of rest and relaxation, swimming, and boating on the lovely lake. Basel, where Europe's most modern art museum is located, is the next stop and then the Black Forest, Rudesheim, Luxembourg, and Belgium. August 25 will find them sailing back home. Miss Loehlin, too, will be in Europe—touring independently but joining the groups now and then.

Other European Travelers

Europe will also be invaded by — Jack Carruth, Dean Eckert and Stan Stenbridge! Mr. Carruth will be accompanied on his pleasure trip by Rod Williams, a Wooster graduate and photographer. They are renting a car and touring France, Spain, Italy, and Germany. Mr. Carruth's only comment concerning the matter was, and I quote — "I do not intend to give any lectures or chapel speeches about my trip." As for Mr. Stenbridge and Mr. Eckert, they will sail on the French liner, "Flandre", to France, and will stay two weeks in Paris (at which time they refuse to recognize any Woosterites), and then will continue on to Italy and Germany, returning to the U.S. September 3.

America Toured, Too

Another traveler is Dr. Sexton, who is planning a trip west. Arrangements aren't definite. However, she knows definitely she will not spend her vacation in summer school!
