**Terroir Strikes in Frosh Play**

Dear沃耳伯特:

I certainly had the experience of my life the other night. They were all here after all happened. This time it was very much worse, for all (that’s past Kenan) when I arrived. They had all been to the theater. [Hellmuths], said I, after all the rest. The people there were ‘for mark’, my said, my concierge, ‘a little too much’, ‘too much’, ‘too much’. ‘Get yourself well, Wors or you’ll have to pay the price. ‘Oh, I’ll be well, you and go give you your pills,” thought rational.

That was too much. So I started writing again. ‘Oh, yes, you were here too. I will come again. And I would be back. I started with a complete and unabashed one. I’m certainly chiding the ideal place to be. I heard the people in the street. How wonderful, the man have come from an Auditorium! But believe your great in the adage ‘One stone thrown in the water and is not the only to become a question. Rather than be involved in such a case, I am trying to mention a very

**Nelson and Stoll Present Recitals in College Chapel**

Among the April songbirds was Margaret Stoll who presented a small series of recitals in College Chapel on April 6. At 8:00 Min. Thelma Mel

**Ferm Presents Paper To Theological Society**

Prof. Vergilius Ferm, head of the department of Physical Education, will speak at the annual meeting of the American Theological Society of Ohio. Professor Ferm, who is president of the Society, will deliver the annual address at the dinner meeting on Friday, April 19, at the Hotel Worsley. His paper is titled “Oceanic Christianity.”

Meetings of the Society will be held Friday and Saturday at the Union Theological Seminary on the subject “Ethics and Religion.”

**Dr. Lowry Travels East To Attend Conferences**

President Howard D. Lowry left for Washington, D.C., Thursday, for conferences with the Alhamban Clubs. In Ohio, he will meet with the Alhamban Club of Pittsburgh.

President Lowry spoke to a meeting of the local chapter of the American Cancer Society. A fundraiser will be held at the College of Wooster, April 20.
Peace And You

What do you want peace to mean to you? What ideas of yours do you wish could be considered at the San Francisco Conference? What purposes of yours stand unchallenged in the Democratic program?

With victory approaching slowly and painfully, the post-war world which we dream of today is a contemplation of the present as against the future. Mindanao vitally concerns the "post-war" world, because already the same conditions exist here.

The helpless feeling of inability to do anything, of being one member among a hundred million other filipinos often discussed but never brought up to a mass discussion, of insignificance, of apathy. In just such a way do we incur a peace poor.

A National Peace Treaty Conference, the first of its kind in the 19th War, is being conducted now for the express purpose of obtaining such a measure of public sentiment to guide our statesmen, not perfect and all-knowing, who sit at this peace table in company with the gentlemen from the chancellories and foreign offices. Prices are being offered to the total of $10,000 in War Bonds. The goal is not to get wealthy quickly and have already been accomplished, but to make the war a success. The helpless feeling of inability to do anything, of being one member among a hundred million other filipinos often discussed but never brought up to a mass discussion, of insignificance, of apathy. In just such a way do we incur a peace poor.

The Touch System

May we take this opportunity to remind you that this week marks your last chance to fulfill your Big Four Pledge. This unpaid money, totaling $100, will be used in helping redeliver the Big Four Fund, in donating to the Student Service Fund, and in helping maintain Washington in India. See your solicitor today—the Big Four must meet its goal.

Orchids To You

We feel that the college as a whole deserves a hand for its actions during the past winter week. Perched through no fault of its own to with a heavy spring schedule, it should be congratulated on its accommodations and making this pseudo-vacation an enjoyable one.

The thing which looms largest in the minds of all of us, of course, is "an assignment for Monday." Even for those devoted their week-end to paper work, there was a certain feeling of relief from small clustering assignments, and we realize that for the faculty this means somewhat different than a month spent in comforter: to placate Saturday's picnic (and we are sure its comforts from responsibility for the weather.)

The Department of Student Affairs, while present at the picnic, and made extra efforts to create a particularly "Easterly atmosphere. The Easter Egg hunt before breakfast on Easter morning would be a welcome addition.

It is perhaps a little out of place here but there should be attended the Franklin Forum Sunrise Service, the S.F.P. Sunrise Service and Franklin Service on Sunday. We do not deal with the weatherman for his services on this day.

We sincerely appreciate these efforts on the part of the faculty, student organizations, etc., to make this Easter a joyful one in spite of its being the first away from home for many students.
sports

Three different students, each with a different perspective, discuss the implications of a recent policy decision made by the university. The students believe that the decision will have a positive impact on the community, but they also express concerns about its potential drawbacks. The discussion is lively, with each student offering examples to support their arguments. The conversation is conducted in a respectful manner, with each student acknowledging the viewpoints of others and providing constructive feedback.

The students also share their own experiences related to the policy, mentioning specific instances where it has affected them personally. The dialogue continues, with the students agreeing on the need for continued monitoring and evaluation of the policy to ensure its effectiveness.

The conversation concludes with a summary of the key points discussed, highlighting the positive and negative aspects of the policy, and the need for ongoing dialogue and engagement with the community to address any emerging concerns.
Shannon McCune Speaks In Chapel.

Dr. Shannon McCune, outstanding geographer of this country, addressed the student body while he alighted from the bus at the Who and Where of Faculty Absent For Duration

The Who and Where of Faculty Absent For Duration

Friday, April 6, 1943

By Jean Scott

In India, France, New Hebron, and Borneo are the last remaining front lines on which many of the Wooster faculty, now on leave for absence from the duration, are fighting the war. At present, according to 3rd Sgt. Wendell L. Gann, Mike Jacob's, and Cpl. Edward S. Peck.
