FRESHWATER

September 18, 1941

TO THE STUDENTS OF WOOSTER

We have come back to Wooster this fall in time that many of you have dreamed of - time of a fresh start. However, as we are beginning to do this, it is our obligation to become normal as fast as possible.

Becoming normal means for us, I think, a new resolution to do our work from day to day to develop in every possible all those things that have made Wooster what it has been through the years. Before Christmas the College Board of Control for purpose of the future but its real future is simply the collective result of all those things that make the "Wooster Way." We welcome to the campus our new students and wish them all good things as they set forth on their college career.

Sincerely yours,

R. H. LOWRY

ENROLLMENT HITS PRE-WAR LEVELS

About 755 students are enrolled at Wooster College this fall, an increase of 25 over the 1939-40 figures for the 1944-45 school year.

On Sept. 9, 1941, students were officially registered to begin classes in the fall.

Wooster's Y-5 Program To Stay on Campus

Despite the end of the war, our students are enrolled in as full a program of collegiate activities as ever. The plan provides for five meetings a week during the fall semester. The meetings are designed to provide a variety of activities for the men.

Another year has begun at Wooster. Tents laxly fall down—
the directed effort by us
will remain.

Onl in a sense, though. Since we were here last year, much
d Times have happened.
The war is over. How remember we to talk about
the post-war world? Look around you for that halcyon
day is here. The world in Heinrich Boll is
now on winning an honest effort. So
it won't be back now to marry.

To those of you who are new here a word of welcome:
Your part of Wooster now and we hope you like it. Lots of us
now to you. You will have to adapt
but you will also learn something
that will make her forever lovely.

It may seem odd for us to give you this treat so early in the
year. Some of you will be thinking of Wooster as your
one of us at this time of the year. But
we don't know if that makes her forever lovely.

Finally, to those of you among us who are war veterans, and to
the men and women of Wooster who have served in many capacities,
we will need your help again in many cases where your
knowledge and guidance will be greatly needed.

So the academic year, 1945-46, begins. Here's to a happier
year than we have known for a long time. And may it be a year
of building — only that better world we talk about. May it be, too,
A year in building of us all understanding—kindness—faith.

We Pay Tribute

It is with deep regret that we note the passing of two beloved Woostarians, Dean William R. Wanner and Coach Lawrence C. Bole, head coach of the track team and many of the men's and
women's sports teams.

Dean Wanner made a lasting impression upon students
during his capible management of the program, chapel, and
all the work that he was so widely known and loved. As dean of
the college he had close associations with deans of other colleges, and he
was known throughout the college community by his

last in the annals of Western's history. Certainly those
two men will be as universally remembered as they will be deeply missed.

Glancing at the world of sports we see that the football season is well under way. A game of baseball is still a favorite, but the latter part of the season is now drawing to a close as the cities become more and more crowded.

It's a good time to look back at the year that has passed and note the highlights of the season. For the most part, it was a successful year for almost all the football teams. The season began with the annual Labor Day games, and from that point on, it was a steady climb to the end.

The season will be remembered for the outstanding performances of many players, including the great running back from Ohio State, who scored a record number of touchdowns. The season also saw the emergence of several new stars, who will no doubt make an impact in the years to come.

Looking ahead to the future, we can expect another exciting season. With the return of many key players and the addition of some promising freshmen, the teams will be even more competitive. So sit back, relax, and enjoy the rest of the season.
Sen. Burton Named as Supreme Court Justice

Senator Harold H. Burton (R., Ohio) was named associate justice of the United States Supreme Court. The appointment was made by President Truman.

The new Supreme Court Justices were sworn in at the Capitol of Washington, D.C., to succeed the justices who died in 1947. The ceremonies were attended by President Truman.
