REVISED PLANS FOR 75th COMMENCEMENT

The College is cancelling the Class Reunions which were scheduled for Saturday, May 26, in order to meet travel restrictions recently applied to commencements and other educational events. The alumni meeting and the alumni dinner will not be held this year.

It is to be regretted that earlier notice could not have been given, but the ODT ruling has only recently been announced. We are aware that many persons in the reunion classes and otherwise have been planning to come back for the 75th Commencement.

Alumni, especially those living within easy reach of Wooster, who can come back and wish to do so, despite the revised program, will be welcome on the campus as always. A number of reservations have already been received. All these will be held intact, until we are further informed by alumni as to their plans. The class play will be given and orders for this event will be filled in order of receipt.

While we cannot house alumni in dormitories this year, we shall endeavor to furnish lodging accommodations as may be requested.

Class reunions will be held at the first opportunity after V-J Day, regardless of the five year plan.
During the month of May, an exhibition from the Whitney Museum of American Art, New York, will be shown in the Josephine Long Wishart Museum of Art. The collection includes the work of sixteen representative artists. On display in Taylor Hall in May will be an exhibition of work of students of the Department of Art.
