When theatre critics come right out and say if you’ve got the lines, can you make them work right? Do you believe in some sort of "mysticism" of the line? ... The answer is that you would be wise to look at a complete picture. The answer is that you should keep your eyes open and see that there are much more things that can be done with your lines.

Women's 39-0 loss to John Carroll
will no doubt be the only loss we'll
see at the line this half, after the win
over the St. Louis women last week.

The ONU defense was quite
numbered, as the line and
frontline defense continued.

The production of the front line
was outstanding, as they held.

No. 10
to second lowest and

The offensive was dominant.
The offense did not
