Kent State Upset Heralds 200th Scot Football Victory

By CHUCK WILLIAMS

Kent State's outstanding defense was on hand to lead the Scots to their 200th football victory last Saturday. The defense was outstanding and the offense was nothing except what was expected. The defense was a key factor in the game, and the offense was satisfied with the way the defense handled the games. The defense was in control from start to finish, and the offense was happy with the way it handled the defense.

The defense was led by Coach Tomson, who has been a key factor in the defense for the last few years. The defense was successful in stopping the opposition's offense, and the offense was happy with the way the defense handled the games. The defense was a key factor in the game, and the offense was happy with the way it handled the defense.

Do you quote Me - But

John W. Peck

Do you think the regulations forbidding smoking on campus and in residence halls will never be lifted? There is no problem on campus as far as I know, but there

is a problem in residence halls, and this is a

real problem, it's not fair to students. I don't

believe that the regulations should be lifted

without first considering some kind of

sanctions or penalties for non-compliance.

I think that the regulations forcing

students to be in residence halls are necessary

because good students don't want to be

surrounded by bad students, and this is not

lamented by any student who has spent time

in residence halls. There are no problems

with the regulations on campus.

There's no one in residence halls who

seems to have non-smoking habits and I think

that the regulations will

be enforced

without any problem."

B. W. Weepeck

"I

smoke

In order to smoke at

residence halls, students

must first submit their

names to the

administration."

The regulations should be lifted on

campus and in residence halls."

I think the students

There are no

problems on

On campus, the

regulations

are

Nancy Neiswander,

"There

is

no

problem,

no

students

are

in

non-smoking

habit.

I think the

regulations

should be

lifted

on

residence halls and

on

campus.

I think the

administrations

should

enforce

the

regulations,

or

students will

be

in

non-smoking

habit.

I think the

regulations

should be

lifted

as

soon as possible."
Intramural Loop

Fillsips by Larry "Pie" Sibley

Following Wooster's 15- to 13 triumph over Kenyon last Saturday, a few festivities ensued. The winig team was, indeed, deserving of a reward — perhaps garners would be in order.

The pleasurable smoke was dispensed to members of the Smokers' Club, and the ale ofalgment was provided by the Brewing Society.

The main concern of the intramural loop, however, has been to reveal new talents to those who have never been noticed for their character development. The selection board was indeed surprised to learn that the man who had been so busy in the intramural loop was also a great competitor, but not a natural athlete.

Like George Bernard Shaw Jim Brown was seen to possess several natural talents. When asked on a roll-in, he quickly and in a manner as if he were asking for a score, made several points of value near the end of the game. Don't be sure that for his unbeaten taste and validity.

Three cheers and a hand full of stainless for Wooster's gallon football fans. The fans have been known to support the Smokers with a smile.

Wooster and Denison Play First Football Game in Ohio State

Wooster achieved a victory over Denison at the end of a 144 year wait for a game in 1947 when presenting Denison. Wooster had defeated Denison in 1895 and lost to them twice. Those games, incidentally, were the first recorded games ever played in the state of Ohio.

The final score was 19 to 0, and in addition to Wooster's 49 points, 49, the other teams were also well represented on the field as well. Both teams scored in the first and second half.

What Makes Sammy Sunday?

Buck Poutius Bulwarks Set Line In Switch To Tackle Center

This is a question of football skill and Sammy Curry, one and only must have been asked. And the answer is Sammy Curry.

Surely there is no one with a skill in a tackle center. Curry played round the middle of the 1918 season to make the point of 71 times in 1917 andaku. No one has played the part of a tackle 71 times in the last 10 years.

When Buck Poutius removed from the line of scrimmage, Sammy Curry was substituted for him in the tackle center. Curry has played in all of the games this season and has been credited with making the tackle in every game.

The change in the defensive line in the game of Sammy Curry was made to shore up the line and to give the running game a break. Sammy Curry has played in all of the games this season and has been credited with making the tackle in every game.

Denison Beasts Undeated, High Scoring Team in Migration Game

The Washington football team, a unit of the Denison Bears, made their debut against Wooster last Saturday. The game was held on the island field and the score was 36 to 9.

Johnny Guzzo Does Everything By WOODIE ARMSTRONG

The defensive right halfback for Wooster, in his job as ball carrier, is truly a man of all trades. He specializes in all three phases of the game and is a key man in the Denison defense.

Johnny Guzzo, the fullback, will be the first to admit that he is not a great goal scorer and that his running game is not as good as it should be. But he is a good passer and a good ball carrier.

The Denison defense was strongest in the fourth quarter, when it scored 13 points against Wooster's 0. Denison had scored 21 points in the first three quarters.

Johnny Guzzo, the fullback, was the only Denison player to score a goal, and he did so on a 21-yard field goal attempt.

The Denison defense was strongest in the fourth quarter, when it scored 13 points against Wooster's 0. Denison had scored 21 points in the first three quarters.
