Self-Satisfaction Is Dangerous

There is a growing awareness among the efforts of the American people to face the demands of international politics. Certainly Americans deserve a peaceful and unobstructed future, but we must begin to do more than just talk about it. The increasing number of national and international concerns is cause for concern. The satisfaction of individual needs and the desire for recognition and security are important. But what can we do if we want to see a world that is more peaceful and unobstructed? Here are two possible solutions:

1. Self-satisfaction tends to blind policymakers to less satisfactory situations. For the self-satisfied, it is easier to ignore the problems of other countries. But if we believe in the common good, we should take responsibility for our actions and try to bring about a better situation.

2. Self-satisfaction also makes it harder for us to notice the mistakes of others. If we do not learn from the mistakes of others, we will continue to make the same mistakes again. It is important to be aware of our own mistakes and to learn from them.

In conclusion, if we want to see a world that is more peaceful and unobstructed, we need to be more self-satisfied. By recognizing our own mistakes, we can learn from them and work towards a better future.
Late Rally Stops Akron Five 7-5
Pat Milligan's 2 Points Pace Scor Scoring in Second Half
Pat Milligan's eight points in an overtime period led the Wooster Scors to a 7-6 upset of the-highly-rated Akron Zipzers in a rivet-packing, lightning game at Severance Gymnasium Saturday night. Trailig by 14 points at half time the Scot quintets brought a capacity crowd to its feet in a sensational fourth quarter rally to catch the Reds from the Buckeyes in the closing minute of play.

The Wooster men were ahead in the first half by the powerful attack of Akron's offensive planes and the efficient defense of the Buckeyes. However in the second half Coach Ross Belokey's boys showed brilliant offensive efficiency and Moe Hale's blocking and rebounding. Milligan's 18 points, and Whitaker's 10, managed to tie up of the half game at 42 points apiece. In the over time period Pat Milligan just couldn't be stopped as he garnered these third goals and two foul shots for eight of Wooster's ten points, while the best the Zipzers could do was one foul shot made by Vaughn and a foul shot by Hale for a total of three points in the five-minute period.

Akron put on one of the smoothest shows of the season in the first half. Their three-point shooting was precision and their shots were extremely accurate. The second period saw the boys in complete control of the backcourt and enabled them to maintain their lead. Milligan, who scored a total of 25 points, kept the boys in the game in the first half by hitting the six, two on points. Wolfe and Walker averaged for 21 of the Zipzers' 42 points in the first half.

The second half of the game was a nightmare for the Akron game as the boys in the backcourt started to come alive and the Zipzers were in a bit of a funk. At 4:32 the Highland boys were ahead in the second half 60-47. The meager crowd in the gymnasium, which came to a standstill when the Zipzers came in to life. In the third period the Highland boys matched the Wooster's efforts but in the fourth period they had the lead by two points. It should be added however, that the Wooster's ново on the regulars, sparked the big drive in the second and third quarters ten points behind the foes. In the fourth quarter got under way, the crowd moved off the hill, pandemonium broke up and the boys carrying the yell and screams of the crowd.

The fourth quarter was just the oppo- sition and the Zipzers were left with the 21 points while the T

City boys continued their defense. The point who had been playing a few good games, started a perfect scoring run in his side, held back the boys from taking a lead off of the road and equalized the 7-5 margin.

This type of ball playing plus the frightful defense of the Scot offense all added up to a boring, uninteresting game.
