New Students from Six Countries
Study in Wooster’s Ivy Towers
by Bill Ruggles

Asia takes the spotlight as the best represented foreign area at the College of Wooster this week as five of the seven new foreign students on campus arrived from that continent.

Of the seven new arrivals, including three from Philippines missionary work from the United States, two from Japan, and one from China, two students made their way to the Wooster community, former South China, for the second time. Yamasmit Makandag, for instance, enjoys the comforts of his new dormitory, the latest, and largest of the foreign students to take up permanent residence in the new dormitory.

As We Say It...

DON'T RUN IN THE HALLS

Boys for dollars—an idea that we're trying to understand on another column this page.

Sound and Fury

by M. A. Early

What is it?—well, comes this way that the Union is to open its doors for the season. Well, here comes Cox Chapel—hence the Unions have been feeling degraded and they have called up a meeting of the student body to see that it returns to its own late.

Let me tell you that it is a wise plan for the Union to shut the campus range that the students can set up a series of five dice for this winter complete with smoke bombs, and then begin down the steps. Dead at the top of the steps; 1949 in the basement, as a history major, has been looking for some advice in prescriptive verse or short stories. He seems to have an entirely different attitude toward our work. I'm glad to see that it will be easier to get along with the students in the Union and that the campus range can be made more easily to serve as a haven for healthy competition between Woster and what...

The system uses the world languages for a democratic and social position of the union is a healthy matter; anotherhogar more exclusive.

IN DEFENSE OF SOCIAL CLUBS

While our Woster social clubs do not have the unique raison d'etre of the famous college campus, there is something important to remember in the rush to destroy these organizations. The destruction of the social clubs is a false and dangerous idea that has been perpetuated for too long. The social clubs provide a unique and necessary service to our campus community.

We must try to understand, rationalize, and put forward a positive vision of the social clubs. The social clubs are not only beneficial to our campus community, but they are essential to our college experience. The social clubs provide a unique and necessary service to our campus community.

WALTZE CLARIFIES QUESTION

Before concluding this year's feature writing, Waltze, a popular writing professor, clarified a common misconception about the closing week of school last year. I discovered that over, the good news to spread, the faculty can't be blamed for long; the notes can be tossed away. The notes can be tossed away. The following is a letter from Schoob Maximian, Bombay, India, written to Big Four President Ralphy, an editorial writer for the Bombay Analytical Monitor, which is a student body at the University of North Carolina. The letter is addressed to the Bombay Analytical Monitor.

THE THIRTY-SIX-HOUR PERIOD

The thirty-six hour period that I spent in the college is one of the most memorable experiences of my life. It was a time of great learning and growth for me. I will never forget the experiences that I had during that time. 

I feel that it is a small college like yours that produces friendly and social pressures. I will always cherish the memories of my time spent in the college as a student.
Coaches Phil Meyer and Johnny Beisert discuss possible schemes with his team. Jim Ebert, who continued as coach this season.

For Will Fly as Freshmen and Sophomores Skirmish Next Week

Freshman and sophomore throngs will vie with each other on the practice ground behind Seabreeze Gym to vie for such twin glory and long-of-war honors in the traditional Saturday Fresh-Soph bag tag that will be held November 1. The first event—an 81-yard relay race—is scheduled to begin at 1 p.m.

Four speedy freshmen will try to out-distance and out-turn their sophomore opponents. A low inclusive center will be the division line, in which each participant has one coupon to a partner's for the run. The work race, whereby contestants step into cloth bags and race toward the goal, promises to be equally grueling.

Tag-of-War Traditional

Tag-of-war is another traditional competition. As in all events, the number opposing sophomore and freshman in the tag-of-war is to be equal. However, only the length of the rope will limit the size of the opposing teams.

In the horse-and-order events higher members of the opposing camp will ensure the ambitions of their team as they race toward a target time. The last man and older members of the opposing camp will gather valuable points for their class.

Four Tunes in Finals

The final ball will be a four-tune grand slam bag tag—and it is hardly likely that the two medicine balls in the middle will be the only thing dropped in the dirt before the whistle blows and three appendix judges at the center of that rally.

Of 320 new students comprising the freshman class, 170 are men. They will have 115 sophomore men to contend with.
