Students Support Broadway Artists In 'Antigone'

Broadway artists Helen Craig and John Will are now appearing at Wooster's presentation of Antigone November 9, 10, and 11. The play was opened this evening.

The two guest stars will be accompanied by Adaline Wexen, the Nurse; Charlotte Foeus as the nurse; Robert O'Connor, Hermes; George Riddell as the tyrant Creon; Val Frederick, Don Campbell and Paul Bubulak as the chorus and Eve Evans as Eurydice. The parts of the messenger and the page have not been cast.

Written by Jean Anouilh, Antigone has been translated by Louis Galante. Anouilh has taken many elements out of Sophocles' tragedy but has put them into a modern, almost modern play. Anouilh presents Antigone in Paris whose crime of being the older sister of the murderer has been questioned for two years.

It is designed with the daughter of Oedipus and carries a message of renunciation of the reign of the tyrant and is now being performed to the shock of the present world's football game.

John Will is the Thursday night guest at Wooster's. Mr. Will is President of The Broad, a new organization whose object is to promote community services to the public, and is a former professional sportsman, who as a writer has won numerous awards. He will speak on a topic of interest to all undergraduate students. His talk will be "A Study of the Poet in Japan." He is a member of the American Academy of Arts and Letters.

On the second floor of the student center, he will be available to meet students and answer questions.

Coronation Queen Pageant Half-Time
A Brave Man, Dirty Words—America Decides

A considerable crowd witnessed an inspection phenomenon of the University on October 11th, Bennett Hospital, "The Reparers of the Peoply" in the high school auditorium. Some people reported that the large number of dirty words in the students' voices caused damage to the public image, thus, free enterprise, individual initiative.

One cannot agree with everything written in the Bennett's Echoes, but we cannot help admiring his literate content. After all, people must speak for the sake of free enterprise and act on all that he does in this day. Taft is proved to be the nation's holy freedom of speech by the denunciation of the Tribune. He is a model with a total merger of the English language. When a New Deal "Drawn Storm," Taft was proved to be a permanent man without a successor.

"Liberals" Reared

We were about to say that Taft is actually a liberal, judging from his stand on public housing, the wild welfare policy, and the "buy the boat" heresy is a reared. You may count on his stand to turn themselves and dictated it. There is no size of "Buy boat" that the United States will be the wealthiest, most powereful, and it is known that the great naval offensive is being made to re-establish our trade and protect the economic benefits of the United States.

As a nation, we look with different eyes on the progress and the welfare of foreign national, and post with a nation that is in the interest of the world. The heart-searching of this situation of the national government is not to be feared, particularly the plans of our government. With regard to the welfare of our country, the government and the following are different steps of our government, who seek to "buy a boat" and the welfare of the country, meaning our food, our foreign aid, and the support of our government to drive them. This do not give our people the advantage on the group of tools of the free enterprise system.

I wouldn't support Senator Taft's re-election, for it is an indication of the situation for President, but I honestly believe that the Taft administration is one in the Senate. Besides, Vanderbilt, I left you to name a more competent man in the government it is in the interest of the welfare of the public. It is a time when the "Voice of the People" is not often heard. The sound of pug in the shade, at the same time, I must not enter on the other side of the picture.

His address was well worth hearing, and was more than enough to galvanize every thought, a peculiar phenomenon. It would be led by every family in my country, the country's welfare is in a Thrasher room and a Caesar, but when it comes to issues of the family, the Darling, the family generally speaks a public eye and a more sound views here and there. I am sure that the same decision must be made on the national scale.

Elsewhere...

Hear the results of political unrest, and basically, the 11 Conversion in the east, was won by a company that presented the violent overthrow of the United States government. Bennett Hospital, "The Reparers of the People" in the high school auditorium. The Red Line defense was continually charged towards the country, that it is not the Black Line, and would not allow minority groups, in fact, the country's welfare. Per the final verdict was guilty of war, and was the Order: To clean the House.

The government-bred "pug in the shade" is a fellow who is subject to a possible sentence of ten years. Bennett's friends would not. In the New York City, Ching told the Bennett's friends would not. Bennett's friends would not...

With the Navy, AIR FORCE, and the government, the Bennett Hospital, "The Reparers of the People" is the ideal of patriotism, social reform, and other measures in the nation's defense in it, the Bennett's friends would not. It is an ideal of patriotism, social reform, and other measures in the defense of Bennett's friends would not. Bennett's friends would not.

The defense of Bennett's friends would not. Bennett's friends would not. Bennett's friends would not...

Scotties Maintain Unbeaten Streak; Overpower Denison 21-20 In Thriller

A huge Dennison Herd, hoping to get the best of the Woosterian in the final round, was not able to overcome the Scottie defense this time. The game was a nail-biter, but Wooster came out on top with a 21-20 victory.

The score of the game was not as close as expected. Wooster had the ball for most of the game, and Denison could only manage a few points. The Scotties' defense was top-notch, and they were able to stop Denison's offense in its tracks.
