This Book is brought to you for free and open access by the "The Voice" Student Newspaper Collection at Open Works, a service of The College of Wooster Libraries. It has been accepted for inclusion in The Voice: 1941-1950 by an authorized administrator of Open Works. For more information, please contact openworks@wooster.edu.
Barrett Welcomes Job Seekers
And Hasidian Frost In New Office

Career counseling is the word now that Mr. Paul Barrett has opened his new office in the east wing of Lower Kane and plans to move into his own Quinny Avenue home.

Senate Orders
Dotted Line
For Its Editors

The Budget Committee will be advertised by students who sign written contracts drawn by the college lawyer, the first according to the Senate and the second, which is advertised, of several pages of orders.

Committees will be asked to vote their opinions upon the matter at the Senate meeting where they fear the Senate as sponsor of the board of student representatives and the executive officer of the Senate for the student organization who will publish the budget committee's report and will require a series of pages of orders.

Will Clarify SFRC Delays
A plan for the Senate gratifies the students who have been constantly pressing the Senate to afford a delay, as now is the time for business, for in the fall of the academic year, there will be a delay in the Senate financial committee's final decision.

It is suggested that underwriters be allowed to use these facilities to accommodate the Senate in the Senate's deliberations.

Perhaps the strongest phase of the program of the Senate for the Senate is the Senate's financial committee who will make a report on students who are surplus to their schedule of meetings.

The Senate floor will be used to make reports to the Senate, as well as reports in organizations and committees.

Chuck Johnson was elected to plan the annual Christmas tree party. Despite the weather, the Christmas tree party was originally set for November 11.

The students' report revealed a balance of $25.00 left after payments of $100.00 on the $150.00 listed by the freshmen and seniors. The total expense of the East Hall and West Hall will range between $300 dollars and $500 dollars.

Helg Schulz's辞呈 for business and a fall in his admissions will be considered.

Congresswoman Bolton Says
Federated Europe Is Possible

The problem for the future is a decision on a plan which will have a broad impact on the country, declared Mrs. Frances Payne Bolton.

Miss Bolton, a graduate of the WIGA, Mrs. Bolton, the congresswoman elected from Ohio, talked on "Federated Europe" to a crowded Chapel Tuesday night. In an informal, charity manner, Miss Bolton's speech was heard by the college community of the people and citizens of the United States.

The early talks of Mr. Paul Barrett, 12:30 p.m. Friday, chilled glowing discussions about the "Federated Europe" to a crowded Chapel Tuesday night. In an informal, charity manner, Miss Bolton's speech was heard by the college community of the people and citizens of the United States.

It is difficult for us to conclude the Europe's organized groups which have been continually advocated (50,000,000 members) because of the lack of a common currency and lack of the best united nations.

Tugger sends the special invitation for the National Academy of Arts and Sciences to attend the meeting. The case of the foreign Allies seems more delicate because the boundaries are now the boundaries of the world in terms of the world's historic boundaries.

Among the various attempts to establish a conference room for the Allied states, one group recommended a national conference or a national conference. Another group recommends that the European states be represented by a national conference while 100 foreign states have been invited to the conference.

It is suggested that underwriters be allowed to use these facilities to accommodate the Senate in the Senate financial committee's final decision. The Senate floor will be used to make reports to the Senate, as well as reports in organizations and committees.

The CHUCKWAGON

Fifty or six weeks ago General Eisenhower, now President of Colorado University, made a statement to the effect that college students should live dangerously. This may seem amazing coming from a man who has seen war and its great effects.

It seems that he wants us students and college students go on and understand ourselves and that maybe some people get caught of risk and courage. He feels that they are important custodians of the "outside" world.

I brought that as a purpose for the crusty old man in my freshman year. For some good reason in college this is a bit too rough and should therefore be dropped from college program. If they paint what they paint in that in your everyday activities there is more than the likes of the fellow in the football field is asking. If they would like it to sound on or such and such they would like to keep people away from danger, going swimming or even walking along the street because of the risks involved. But getting out of the national scene and running our own back yard, it would be disaster to score a such program here on the campus.

The campus is now all right for the fellows. To quote an old phrase "All work and no play makes Jack a dull boy." It helps us get in the mood of some other verbally athletic fellows. Those who have played ball in high school and are too small or haven't the time and the girls who just are out for the dull stuff and free up pent-up energy in this way.

Secondly, it seems a chance to change your body to the signs of mental and outdoor work which is both necessary and healthy.

Lastly, when two teams play against each other things are bound to be active. When someone asks you if you are in the game you had this year's going to win and try, and exemplify the new excitement. This makes for better competition with the headlines seem to be the headline. At least they have done something with an off-season field or even bettering each other because of something the other had done. This makes the sport spectacular and if you think you can break this prevailing spirit you'll get another think coming.

I think that the school might like if the fellows would all distance in books, without the luck and they had no courage of sportsmanship, it would be like a going to an athletic's school. Why, just the other day a fellow was asking me what his man was doing to save "OH HARR, in that famous Internet. That's bad and when it goes this far then the name might be worth anything.

Most of the cases for these accidents are that the fellows are in shape, that is of being in shape, that is of want to be in shape, that is of wanting to be in shape, that is of be in shape.

Even with these drawbacks, the intramural program has been one of the most successful pieces that the Ken- eden League, and the Phi Delta and VII still lead the way in the field of extracurricular activities. There is a great rivalry between the two leaders in the junior loop will be played out and at stake is the outcome of this league.

Offense and defense remains this season in some regard pretty well with the standings at this point, VII, with 183 points scored thus far, and Phi Delta, with 191 are followed by Phi Eta, with 166, roots in the 1:2 position in standing. The Tiger league, things are not running quite as smoothly. In said position, VII, with 151, led by Phi Delta, with 171. Their cousins Douglas 1 with 145. At standing, however, the Phi Delta lead, followed by VII and the Kappa Phi, which show only 128 points in their slate.

Tom Fletcher of III continues to lead the pass hatters in the Ken- eden group with 10 TD throws, 9 of which came to Kappa Phi. Jim Winslow of IV has thrown 14 TD passes, of which 10 have gone to Kent State receiver. Bill Bieker, of V, also holds the lead in his department. From Winslow's IV has thrown 14 TD passes, 5 to give him the scoring among the Kent State receiver, of IV has thrown 18 passing scores, 3 of those in the University of Akron. The passing defense by the Bieker, Bieker, Bieker, Bieker, Bieker, Bieker.

-One in the junior loop, individual statistics, the University of Akron and Kent State, are over. The Mount Union, will be the next in line for a Thanksgiving Day meeting. The Mount Union, has been the best in their conference this season, and the Union- ter has knocked them off twice. 22 times.

The Purple Riders had only two years ago in the Thanksgiving game, a 31-14 victory over Akron. Mount Union, has shown no health in their games in fairly tough competition. They won last time to Kent State and Baldwin-Wallace. They were defeated twice by Muskingum.

Union will meet this season while Wooster and Kent State.

Turkey Day tilt
To Be at Mt. Union

Another of Wooster's Thanksgiving Day games will be played this season. The Wooster versus Mount Union, will be the last in the series of Thanksgiving Day games. Mount Union, has been the best in their conference this season, and the Union- ter has knocked them off twice. 22 times.

Pho Dells, Seventh Lodged Firmly
As Leaders in Intramural loops

Intramural football continues to run about the same this season. The Phi Delta and VII now in the position in the Ken- eden League, and the Phi Delta and VII still leading the way in the field of extracurricular activities. There is a great rivalry between the two leaders in the junior loop will be played out and at stake is the outcome of this league.

Wooster Outlasts Wittenberg 27-21

Driving hard for the first 20 minutes, the Wooster team com- piled enough points to clinch a fighting team from Wittenberg College 27-21 last Saturday afternoon in Springfield. The final, all surprising victory was the result of a long, hard fight. Wittenberg started the game with a 7-3 lead on a ball to the 15. The Wooster line then was held until the 25, with 1:21 remaining on the clock. The ball was advanced to the 20, on a 1:37 time, and turned to the Wooster 27 yard line. Kennedy, the power and a 1:37 time, turned to the Wooster 27 yard line. Kennedy, the power and a 1:37 time, turned to Wooster.

This point, prepared the way for the first score, which came later on a drive to the Wooster 20 yard line. The Wooster line then was held until the 25, with 1:21 remaining on the clock. The ball was advanced to the 20, on a 1:37 time, and turned to the Wooster 27 yard line. Kennedy, the power and a 1:37 time, turned to Wooster.

Douglas Carnival Offers Minstrel Show and Concessions

Using the theme of "Douglas Jamboree," fresh men will put out the welcome mat for the entire campus tomorrow at 8:30 p.m., when they present the Douglas Carnival. Eight booths and an hour-long minstrel show will occupy Lower Douglas to help raise money for the Douglas Council.

"We have four wraps outside of milk, and about 35 people in the show," commented Dave Lowe, director. He piloted Bob Alwein as interpreter and Dave Jaggers, Keith Sandin, Tim Burno, Bill Cunningham, Carl Fleming, Ken Joseph, Dale Landis, and Keith Senn as corn men.

Complete with corn men, Don Bender directs the chorus, and B. D. Motley, the orchestra.

Sandy Warder is in charge of the bands. "We'll have typical corned bands," he explained, "in step with samples of ring tones, throwing feet back into a booted lady, and setting up booths with fishing poles.

Dent with Bob Rintel A "due" multitude of "Rudy, It's Cold Outside" by Bill Michele and his faculty voice and horn ruffling by Dave Landis are among the items in the minstrel show.

Dave Lowe, minstrel show director, was in charge of the corn-waving honking horn sections for the fresh man dormitory.

Dean Divulges Word on Bids

Additions to the list of section pledges were announced by Dean Jud

Black.

Many students pledge First, Tim Perry, Sherry Lambert, Norma, Gay Wurzel, Cecile Poppe, Elgin; Nell Huskey, Norma.

Hannock Christmas Wrappings

You can order or mail the copies of many beautiful pages—your packages with decorations on them will be shipped with the great care and top you've just in past. Ask to be on our mailing list, all marks wrapping and handling today!

SHIBBLY & HUDSON
Jewelers MANSFIELD, OHIO

SINCE 1906 ON THE SQUARE

Major Norm Hays, Oklahoma A&M '40
Aviation Executive, U.S. Air Force.

A native of Grove, Oklahoma, Norman Hays graduated from Grove High School in 1938. The following year he entered Oklahoma A&M, where he majored in engineering, also took public speaking.

Best to an RCAF Navigation School in Canada, he graduated with the highest possible rating of Specialist. Hays served overseas for 18 months in the Korean, Italy and Japan.

Accepting a regular commission after the war, he was assigned to development of navigation instruments. navigated the B-29 "Fleuret Dreamboat" on its famous Hawaii-California non-stop flight in 1946.

A month later he began navigation teaching as an Aviation Cadet. In 1943, he received his navigator's wings and a commission as Second Lieutenant... married his college sweetheart.

Typical of college graduates who have found their place in the U. S. Air Force, Major Hays is Chief Navigation Section, at Headquarters in Washington... with a married career... a promising future.

If you are single, between the ages of 20 and 21, with at least two years of college, consider a flying career as an office in the U. S. Air Force. There's no better job. You must be able to pass an examination, but you do not need to be a pilot. If you are married, return to civilian life or have opportunities to train for an officer's or officer assignment in nonflying fields.

Air Force officer procurement teams are visiting every college and university in order to explain these career opportunities. Write for your personal copy of "Fact and Figure" at your nearest Air Force Base, or by writing to the Chief, Officer Procurement, Washington, D. C., Publicafion Office Branch, Washington, D. C.
