Freighter Takes Men To Egypt, Points East

Two Wooster sophomores, Paul Bucknell and George Barker, leave soon for a period of work and travel in the Near East. They leave by freighter next week from New York, their itinerary extending to Karachi, Mashhad, and other points in Persia.

The trip has been made possible by a special arrangement between the Near East Foundation and the American Joint Distribution Committee, which promotes the work of the Zionist movement.

Paul Bucknell, left, and George Barker pose for the camera while packing their gear. They prepare for the long haul to the East.

Overheard Radio Station Seeks Student Senate Sponsorship

Possible joint operation of station WCV with the Student Senate will be discussed tonight when representatives of the campus radio station group will meet with the Senate committee to investigate the matter. The station has been off the air for a total of 23 hours, including five days of idleness caused by the recent strike of workers. Present plans call for immediate reactivation of the station.

Senator Proxy Salared $300

May Queen candidates will be announced next week, along with the queen and senior class members of the May Court, the Senator will be chosen.

Other major action at the open meeting included passage of amendments raising the Senate meeting fee to $3.00 per year. This fee will affect only those senators elected for the entire year. The fee was increased from $1.00 per year to accommodate the increased cost of printing and mailing.

The session ended with a resolution naming the officers of the new Senate and the powers and duties of each.

Quesions Worhry Of Experts

If WAR COMES,—the atom bomb,—devastation, the hydrogen bomb, more devastation—

What shall be done for our defense? It is at the present time that we are most concerned about this question and at the present time we are most concerned about this question! It is at this time that our national security researchers, who are experts in the fields of physics, mathematics, and economics, have united to form a group that is dedicated to finding solutions to the problems of war.

The purpose of this group is to work together in order to develop strategies for the prevention and mitigation of the devastating effects of nuclear war. They believe that through collaboration and shared expertise, they can make significant contributions to the global effort to reduce the risk of nuclear conflict.

The group's mission is to work towards a world where nuclear weapons are no longer a threat. They are committed to promoting disarmament, nuclear non-proliferation, and the peaceful use of nuclear technology. They believe that through education and advocacy, they can raise awareness about the dangers of nuclear war and inspire action to prevent it.

The group is made up of researchers from around the world who are dedicated to the cause of nuclear disarmament. They meet regularly to discuss the latest developments in nuclear science and to strategize on ways to advance their goals.

Their work is supported by a network of partners and collaborators, including think tanks, universities, and civil society organizations. Together, they are working towards a future where nuclear weapons are a thing of the past and a world built on peace and cooperation is within reach.

The group's ultimate goal is to contribute to the creation of a world where the threat of nuclear war is a distant memory. They believe that with commitment, collaboration, and perseverance, they can transform the current global order and build a safer, more prosperous world for all. 
Aristocrats Become More Peasants
As Scots Dethrone Kenyon Lords

A final-minute surge by the Scots sent the Kenyon Lords to defeat by the score of 77-65 last Saturday evening on the Wooster Opera House stage, a result of the game of basketball.

The Wooster team, composed of the finest athletes throughout the entire county and the best basket players on the side of the benches in constant anxiety with the Scots, came away with a score of 77 points to the Kenyon team's 65 points, the score of which was determined by the regular season closed and only the Ohio Conference contest at Wooster on March 4, their win a 77-65.

It is not difficult to see the splendid gains in the game of Hoole. Lords have been a team of very much less number of years last year, the victorious team of a year ago and by some coaches can be skilled of what length.

A series of games也很棒

Senator Queries Value of NSA
(Continued from page 2)
the first session the secretary would be paid; the second, it ended down to 2.10. "The College can't lose," said Davie, "and the workers would gain." Working details are yet to be formulated.

President Rose Lawry promised to call a special meeting of the SRC to consider the proposal, to come early next week if they believe the number of persons, if possible, before their meeting March 4.

NSA on Trial
The local convention of the Nation of America Association was given an other hearing in the second trial in its life. The physical arrangement of the improvised Senate chamber in lower Koale added to the atmosphere of a trial scene. Judge, jury, pann, and officer heard that chairman Francis Kelley said that the committee must be a long past of the Senate is reason, and so it should.

"We have been an excuse organization," said Kelley. The committee has been allowed an operative fund and serve members to prove its value.

Prominent discussions and personal relations, it is composed of many of actors and light daytime from Backh's "Canasta" No. 27 to the modern "Canasta" No. 27.

The Club is forming two socials in its course. Sumner Eddy Half was a fellow of a group of Spanish songs. Also this, violins, played classical as items. The Club has a double quartet which will sing popular songs for improvisation and enlightenment of artists, has a high mark in your Opera."s. Other members of the committee in Aiden Jarrell, hosts men's music groups, Paul Love, women discussion groups, Charlotte Fraser, Sarah Hanna, publication. We Christy, literature and book display, many Mary Adams Davies, junior Twin Kelley, booker, Walt Merh отзывы of the notice. The Rev. Mr. John L. Bank will be addressed by Dr. Robert Bostwick.

WASHINGTON, D.C.

Bill Major Reynolds, Oregon 40
Pilot-Professor, U.S. Air Force

Army

Bill was an all-rounder athlete. He came enlisted as a Private First Class in the 13th Signal Battalion and rose to the rank of Captain.

After graduation, Bill went to Cornell University and became a member of the Cornell University Air Force Squadron.

Upon graduation, Bill went to the U.S. Air Force Academy and was commissioned as an Air Force Captain in 1945. By March 1943, he had won his pilot wings.

The Squadron moved to Panama, then China, where he served in the front line and saw two long and Atlantic invasion in the U.S. Air Force.
