S.F.R.C. Offers Faculty New LS. Ground Rules

A discussion of the irregularities of the Independent Study Program was the major topic on the agenda of the Student Faculty Relations Committee at their meeting Monday evening. After hearing the presentation by Dick White of the Student Senate, the combined student faculty group decided to recommend to the Faculty Com- mittee on Upper Class Studies the following considerations:

1. Deadlines on senior papers be extended two weeks, if not so specified by the professor.

2. The committee review the prob- lems of the acceptance of seniors.

3. Examinations, in which seniors are registered to write papers in senior courses, will no longer be given in the final examinations.

4. Surveys of the type of writing assignments in upper class courses are needed.

5. Recommended to those responsible for the upper class students is a student wishing to depart the college by 12 noon the senior year he or she will need to be excused to do so.

Dr. Bennett's camera captures some early 20th century Woosterians as they pose on the newly-built Kauke Hall. The Trait was on Memorial Chapel.

Korean Advisor Hits U.S. Policies

from page 1

by Bob Hrdly

Talking about a "stimulating" year of off-campus debate, news discussion organizations, college radio stations, women's athletics, and the like, the Korean Advisor was the best of what promises to be an annual Intercollegiate Day conference.

Student government, debate, news discussion organizations, college radio stations, women's athletics, and even some administrative problems were all discussed in this diacollegiate conference.

The day resulted in a posting of priorities and some possible arrangements for further sharing of information. Some groups held in both the morning and afternoon, so we set up the main intercollegiate activity Planning Group-Organizational

Korea advisor spoke at a Four College Conference Committee to plan next year's intercollegiate activities for Wooster. Bob Clark was pleased in this manner, conference planning which will serve in April or May.

An exchange of scripts and plans among members. Oberlin and Wooster will use and record on college radio stations. Bob Smith, who represented WCN, explained how this would reduce the difficulty in getting steady-sounding scripts. The radio delegates were featured with the status and orientation of their college networks. They agreed that the chief purpose of campus stations is to do another sort of education.

The meeting went on about how the exchange of materials, programs, and forms of organization were brought to light in the college group. As a result of this meeting, the four states' association of the National Christian Council plans to bring together other such organizations in a national conference at Wooster in the spring of this year.
