Phys. Ed. A Reality?

by Edward L. Gilbert

When I was invited to visit the College of Wooster by the athletic department two years ago, I was greeted by a very talkative and flippant college coach. His vocabulary was a little heavy for me, so I had to try to translate his elaborate language into the simplicity I was used to. However, I still did not quite understand exactly what he was saying. So I looked around intently for a translator but none seemed to be available.

Then I told myself that since this coach was talking so much, about how I didn't know what he was saying. As a result of this decision, I decided to attend the College of Wooster.

As soon as I arrived on campus, I noticed the appearance of change. The coach still seemed to have quite a bit, but it seemed to me if he was going around in circles like a politician. It got to the point where his elaborate language turned into stale rhetoric and his promises meant nothing to me. I knew what he was trying to say before he said it because his pattern never changed.

So I soon started asking myself, how real is the athletic department in the new system, compared to what I expected. The staff became

unconcerned about the health of their athletes, even for a few of them. If they walked by you on campus they would not bother to say hello. Up to this year, the complete staff has been very much like a lazy, uneducated, and sometimes hostile to black athletes. Although a token black face has come to this surface within the athletic department, the situation is still the same.

In the October issue of the "Athlete Journal," Al Moore lists 14 bad coaches always follow their lead.

The symptoms are as follows:
1. Physical Training Area (PTA) inefficiency.
2. Speed training classes.
3. Fatigue training classes.
4. Strength training classes.
5. Attention to railing.
6. Human Understanding.
7. Strength training classes.
8. Human Understanding.
9. Speed training classes.

11. Speed training classes.
12. Speed training classes.
14. HONESTY AND TRUTH.

The only trait the coaching staff seems to possess is that of great ex- pression. It is a very sense of humor. The fact that they lack must is, of course, a sense of honesty and truth. In all his dealings with his players, the coach must display this trait to a people. He must be both honest and fair in his criticism.

To understand why my philosophy is a simple, to not get away from the East and the people here, I was out West eight years ago and really prided on the open spaces and the people. I got rides from some places, mostly cowboys and bikers, but it wasn't until I got a job in the county sheriff just outside of Wheatland, Wyoming, that race was mentioned.

I judged some of the people I met out there, was open-minded and supported investigation. One interesting thing about him was that when he asked me about the racial situation "back East," he asked, "is there a lot of racial hatred back there?" I didn't expect him to go so far.

When Wyoming I learned that the black students at the U. of Wyoming had protested the firing of all their black football players last year, by their coach. This story, especially, in Cheyenne and Laramie are arch- conservators.

Therefore, any form of protest by anyone is met with full suppres- sion. The university town and especially the coach itself backed the coach completely. During the following

This issue is a tribute to the Black Student Association, a group that has helped shape the diversity of our college in the pastfew years. I feel strongly that our college should strive to continue this tradition. The purpose of this issue is to provide an opportunity for students to express their thoughts on the subject. I hope that you will take the time to read the essays and enjoy the diversity of opinion that they represent.

Student Power Reborn?

Students at the OW have been talking about doing things for too long. Our student organization is doing something about it this year. Under the auspices of the Black Students Association, a group of students has been formed to address the issues of black students. The purpose of this group is to provide an opportunity for students to express their thoughts on the subject. I hope that you will take the time to read the essays and enjoy the diversity of opinion that they represent.

Black is Beautiful.

A World of Fantasy

If you're thinking about going to the Black Student Association's annual fantasy convention, you may want to consider the following tips.

1. Make sure you have a copy of the convention guide.
2. Be prepared for the heat.
3. Bring a camera and a pen.
4. Don't forget to bring your ID.

These tips will help you have a fun and safe experience at the convention.

Historical Perspective: Wooster Black Past

by Wally Hill

Vernette Nelson

Black enrollment at white education institutions has always been on a low level. Prior to the turn of the century, most Black students were enrolled in Black schools mainly located in the South and Southeast.

Many of these Black institutions were established by the Freedmen's Bureau during the Civil War. It was not unusual to see more than one Black institution in a large city or town.

With the migration of Blacks to the North, around World War II, this pattern was repeated in the larger Northern colleges and universities in larger cities. Due to the impact of World War II and the labor situation for Black people, young Black students were able to reap the benefits of their parental attainments during this period.

On June 26, 1867, The University of Wooster had its first commencement since the outbreak of World War II that Black people began to attend Wooster; then there were 15 Black students.

The year 1941 probably was the first year Blacks enrolled at Wooster.

to implement all types of physical forces. If you are going to start a riot, plan it. If you are going to lynch the White House, plan it. If you are going to disrupt the American movement in America has been unpardoned too many times; the point of preparation is here. An organization, such as the White Power Front, is the perfect example of physical mental force in operation.

Extreme preparation is evidently a part of this organization by which the Black man in America prepares for war, for the purpose to condemn organizations such as the KKK; its contract, violence, and other social measures, but these types of organizations have not learned that violence is the way to go.

At this point, I would like to emphasize that the expression of violence is an important tool in America's economic system. Destruction of private property will stimulate a violent right-wing movement against the Black man. And if we do not learn to neglect the white man, who starts the revolution toward his own destruction.

In a situation such as this, the Black man can use the white man's violence to implement the final reformulation of an unfair institution.

In conclusion, I know that a number of individuals will disagree with the following type of movement; but if you look back at all your past achievements you will find that without your instinctive aggression you would be right away.

This season, Alt has passed for 667 yards and eight TD's while missing almost two full games with injuries. He also is leading a team which ranks first in the nation in scoring with a 31-point average. He has set new school records for rushing distance. Rocky Alt

Another heavy figure in the back Darryl Herring. A natural runner, Herring is the second leading rusher on the Tiger team with 501 yards for a superior 8.2 yards per carry. He is only 17 yards off the team's leading ground gainer, Gary Sherman. Herring is put into use on Wittenberg's outside plays — pickets and sweeps. Known as "Mr. Everything," he is definitely a strong contender to be an all-conference pick this season. Alt and Herring are just two threats of many which the Scots will have to contain tomorrow.

Wittenberg's statistics speak bruitly, boldly and very cheaply. Is there anything which the Tigers don't hold over their opponents? The answer is yes, especially in the case of Scots. Wooster holds the best win-loss percentage against the Tigers since 1892, a record of 9-4. Only Ohio State has done any better (17-3), and the Buckeyes are long gone from our class of schools.

Another factor is the teams which Wittenberg has scheduled. First, they schedule at least one, and in our case, two less Conference games a year. That makes their chances of winning the OAC greater than everyone else right from the start. Second, the teams which they play outside of the OAC are definitely not powerhouses. When combining Wittenberg's 69 opponents final season record, one finds an unimpressive 39-57-1 total. In comparison, look at the Scot's opponents recent records: 51-27-1, quite a difference.

Taking all of these points and others, and just something deep down in me, I'm predicting that tomorrow will be a day to remember in Fighting Scot football history. Make it WOOTER 14, Wittenberg 13. (This is the identical score as last half; however, the better team is on top this time! GO SCOTS, WITT!!)

For my other predictions, let me first say that I just can't seem to get out of my three for four rut. The Browns again foiled me last weekend, so I'm now 11 of 19 and still 23 percent. Here are my predictions: Bucks over Wisconsin, 35-7; Browns over Oakland, 21-21; and just maybe, the Bengals over Buffalo, 21-20.

"Scot Football Fever Running High"

Football fever must have hit an all-time high this week on the Hill as it seems like everyone is talking about tomorrow's battle of the unbeaten; The Wittenberg Tigers vs. Wooster Fighting Scots. This year's edition of the Fighting Scot gridiron has rolled up six straight victories, the first Wooster team to do so since 1926, and that's quite a long dry spell — 44 years to be exact! If the Scots win tomorrow, the probabilities of going undefeated are high, and the last team to go undefeated and untied at Wooster was the team of 1923 . . .

Returning to tomorrow's game, let's size up some facts and figures. In senior quarterback Rocky Alt, the Tigers possess one of the finest play-callers Witt has ever known! Behind his leadership, the Tigers have never lost a game which Rocky has started. This season, Alt has passed for 667 yards and eight TD's while missing almost two full games with injuries. He also is leading a team which ranks first in the nation in scoring with a 31-point average. He has set new school records for rushing distance. He is definitely in the running for the 1970 College-Division All-America team.

The Wittenberg Tigers bring an almost too impressive record into the Land of the Fighting Scot. Wittenberg brings a winning tradition to Wooster with 109 victories in their last 133 games. Seventeen straight winning last year's OAC Championship and victory over William Jewell in the Alonzo Stagg Bowl. Lengy, in his interview for the VOICE, pointed out that the Tigers are a much improved team over last year's squad which can be proven with a quick glance at their season's stats to date. The lads from Springfield have doubled their opponents in first downs, 151 to 73. Their rushing yardage is staggering, 203 net yards to a meager 295 for their opponents, while their passing yards total, 1074 to 673 yards. This all adds up to a total offensive season which is a phenomenal 307 to yard in 61 carries. The other half-back is Cloud Drost whose excellent blocking ability is used to its fullest extent.

This is by far the biggest game Lengy has ever coached at Woos- ter, and here is what he had to say:

"We must minimize our mistakes and hold on to the ball. We must play one of our finest games to beat them; and we'll be ready to do just that."

The Scots used the Hiram Ter- riers as their final stepping stone to this OAC clash with a 21-7 vic- tory Saturday. Alternating fresh- man quarterbacks by the halves, the Scots managed to score three TD's including one fullback Jim Deflose and two by wingback Jeff Wise. Dany Peeter kicked all three extra points.

Praising their play, Lengy said, "Kevin Dirkey and Joe- Grunda did very pleasing jobs in their first roles as varsity QB's." The Terriers' only score came on a 27-yard punt blocked by Scot's Alonzo Stagg and halfback Eric Thompson recovered the air and raked 85 yards to score.

The VOICE sports staff est- tablishes its deepest sympathy to staff writer and friend, Bob Brown, whose father passed away unexpectedly of a heart attack last Friday evening.

Scotties Play OSU, OU, OU In Annual Buckeye Tournament

Women from Ohio State, Ohio Wesleyan, and Ohio U. will com- pete for the championship of the Scot- ties tournament when they travel to Athens to participate in the annual Buckeye Tournament of field hock- key. The 22 best players will be chosen from this tournament to represent the Buckeye Association in the Great Lakes Sub-Sectional at Dayton the following weekend. The Scotties finished their regu- lar season with a 1-1 deadlock with the women from Kent State. Captain Linda Fulhart, playing center forward, scored the lone Buckeye goal in the first half. KSU scored its only goal in the second half.

According to Scottie Coach Ginni Hunt, the women had three chances to score in the second half, however, the Kent couples made a couple of top saves to stall the Scotties.

This was the third tie on the season for the Scotties as they now have a 2-1-3 record.

Women's playing for OSU, OU, OU in Annual Buckeye Tournament.

The Scotties' program is designed to show the girls that the hard work and dedication paid off.

BEAT WITT -- BEAT WITT -- BEAT WITT

VOICE Sports Writer

There will be another game for Wittenberg Saturday before the gridiron title shot begins. It may go unnoticed at 11 a.m. at Carl Dale Memorial Field because going undefeated in OAC soccer has become a "ho-hum" affair for the Wooster booters.

If they get past the Tigers tomorrow, it will be the 22nd straight Ohio Conference victory for the Scots and the third straight season of OAC dominance. One result won't be considered commonplace. A win would put Wooster's 1970 record at 10-1-1, the best ever on the Hill and the most victories ever. It would also mean a sure bid to the NCAA Midwest Regional tournament for the fifth straight year.

The opponent, Wittenberg, is of respectable ability, although the Scots devoured the Tigers handily, 5-0, last year at Springfield. Wooster holds claim to a win over Muskingum and a near-win over Kenten. "We can't afford to be complacent," said Scots mentor Bob Nye. "This game is a significant one."

The Scots faced two significant games last week and emerged with victories over the cream of the competition. Tuesday, at home, Steve Cerretani put in two penalty kicks in a wild game that saw 23 fouls committed by each team. Alf Banda soliloqued Wooster's only legitimate goal to win the game 3-0. It was the Scots' fifth shutout in 11 games.

But Saturday's game with Ohio Wesleyan was billed as the battle for the Conference crown. The Bishops were riding a 6-0 mark, identical to Wooster's and had allowed only four goals in eight games. But the Scots played the game as any other and amassed three goals after Wesleyan had taken the initiative to win 3-1 before a large partisan audience.

With only two minutes gone in the game, Wesleyan left wing Phil Sidle maneuvered past the Scot defenders on the slippery turf and made a difficult angle shot. The Bishops' early heroics were short-lived, though, as the Scots' "Three-B" stifled the momentum. Two minutes later OAC's goal, left wing Jim Broedl crossed the ball to his counterpart on the right side, Banda, who set up in the mud and put in a low shot to tie the score. It was Banda's fifth goal of the season and Broedl's second assist.

Then with 3:00 remaining in the first period, Banda flipped the ball to Pete Barrett who in the same motion fired the ball into the upper left hand corner. It was perfectly executed to give free-

man Barrett the team goal lead with six and Banda the point lead with nine. The Scots then controlled the game with fine play by defensive standouts Steve Carga, Steve Cerretani, Steve Gulick, Craig Levinsky and goalie John Baetz. Halfbacks Bill Yenkey, Bruce Miller, Steve Parker and Grant Underhill moved the ball well and Underhill picked-up his third goal of the season in the fourth quarter.

It was the first time Wesleyan's defense had been penetrated for more than one goal all year and the third straight three-goal game for the Scot offense. The win should have raised Wooster's ninth ranking in the Midwest polls of last week. But tomorrow's game is an important one, even though it may seem routine. --BEAT WITTENBERG

Harriers Ready For OAC

Bolstering a much improved team, Coach Jim Bean will take his Scot harriers to Delaware tomorrow to run in the annual Ohio Conference Championship, a considerably stronger competitive field this fall.

 Spearheading the title race will be M. Union, the defending champion; B-W; Capital; and Marietta. Led by sophomore sensation Bob Brown, the Scots will be attempting to break into this powerful field of teams, holding to upset one of these teams in the thick of the OAC title run.

To date, the Scots hold a winning 4-3 dual meet season, including Saturday's spectacular quadrangular at Delaware against Denison, OWU, and Capital. Shading Denison, 53-63, and OWU, 53-56, the Scots revenged defeat to these two teams earlier in the fall in the GLCA Championship which Denison won. The Wooster harriers dropped a 36-53 decision to Cap.

Again the five runners of the Scots, Brown placed second in the meet and first for Wooster with a time of 21:41. According to Coach Bean, this is his best time this year on a really tough course. Co-captain Ray Day, a senior, won seventh place and second for the Scots for his 22:57 time.

Tomorrow the pressure will be on the next three runners: Mark Bean, Ed Mikkelson, and Andy Naumoff, if the Scot hillin's dalers plan to break into the elite group. Both freshmen, Bean and Naumoff, ran times of 22:27 and 22:41 respectively for third and fifth places for Wooster. Senior co-captain Mikkelson captured fourth with a time of 22:32.

"It was a very satisfying day," remarked a very pleased Coach Bean. He continued, "it was definitely our best team performance this year."

Through his disgrace he did fall
To be received the white man's slave.

He can run to be a man's disaster,
But to live the presence of his master.
He'd run like hell shouting
"Eyes, boys.
And he wouldn't stop till he was free.

He ran till he could run no more.
And while he rested his body sore,
He found a way which did explain
"Come and join my freedom from the pomoc.

To his accomplishment he did see,
That he could do an organization
To escape by means so profound
To freedom by the underground way.

The Black Man

On his purpose while he slept,
So hard his mind the white man erect
As walled, predetermined,
To demand his share or none.

The Black Man

"Oh God, take my hand,
And lead me to the promised land!"

To avoid while doing his thing
His labor for his gain.

These words, he spoke during his prayer,
The Black Man

One day he rose up and said
It had filled him with extreme delight.
And what was it that he did see,
But the land that was a free.

The Black Man

On his knees he bowed his head,
And to the Lord these words he said:
"Oh mighty, mighty, God above,
Thank you for the freedom of this man.
