# OFFICE MEMORANDUM

THE COLLEGE OF WOOSTER

To..... President Drushal

Subject:

From..... F. W. Cropp

Date..... May 2, 1968

In establishing a committee to explore the possibilities and implications of a Faculty Council, Trevor Sharp and I have tentatively agreed to form a committee of

6 students (Trevor and 5 others from SGA primarily)

4 faculty

4 administrators (Cropp, Riggs and ~~two other personnel~~ <sup>Dean Coster Dean Young</sup>)

J. G. Drushal, ex officio

The faculty members now at the top of the list are Hodges, Holliday, Ling, J. Bean, Weeks.

Others on my original list would include Rea, Van Wie, Ling, Lewis, Raitt, McCall, Christianson, Stewart, Hustwit, Powell, Bromund, Copeland, Gates, Reimer, G. Collins, Hall, Leach, R. Osgood.

You will note that I have purposely gone to faculty who are relatively new to the campus in hopes that they will have fewer preconceived notions on previous organizations. These suggested faculty appointments have not yet been approved by -- or suggested to -- the Committee on Committees.

Below is a draft of a statement to the persons whom we would ask to consider committee membership:

President Drushal has mentioned to various groups the possibility of establishing a group composed of students, faculty, and administrators to assume certain duties and responsibilities now assigned to the SFRC, SGA, Faculty, Administration and possibly other groups.

When the Lowry Center opens many of the duties and responsibilities assigned to the SGA, Lecture Committee and other organizations, will be under the direction of the Lowry Center Board. Thus it seems all the more appropriate at this time for us to consider establishing such a student-faculty-administration committee.

Trevor Sharp and F. W. Cropp, co-chairmen of the SFRC, have been asked by SFRC to organize a committee to study the implications of a student-faculty-administration group which would recognize the new structure of campus social activities and suggest a different framework for College decision-making and policy formulation.

The committee will be composed of 6 students, 4 faculty members, and 4 administrators.

We hope you will accept an appointment to this committee. If you are unable to serve, please call F. W. Cropp by no later than May 13. The only meeting we will have one brief meeting this spring \* \* \* please alter the above as you see fit.
