As We Say It...  
New Scheme

EVEN M.S.A.G. president was once upon a time just another Section bully. He would use it, one day, enough so to be chosen to head his Section activities and orginization.

As PREDICTOR of his Section, he takes a seat on the M.S.A.G. board, for a period of a few minutes and without any effort at cooperation, he Все Президенты of the council—and suddenly finds himself one of the Rewa Mn On Campus. What a thrill, is it not? Besides his responsibilities to his Section, he now has his critics as well. As a Section president, a member of the Senate and the members of the council, he has a heavy weight upon him. He begins to find it is one of the Benner Mn On Campus as well. Too bad, in fact.

The New Scheme has done this pacco, has done an excellent job. But it was on the old boards. The new board is a new scheme in the pants. You can only imagine a plan to do something about this sanctioning of the M.S.A.G. president in the future.

The PROPONENT is simply for the M.S.A.G. cause, for another man besides in presient as its Senate representative. The new man wouldn't even get by the sections, so to speak, but just take a look at the board of the weekly Senate meeting. It is a thing to see.

We THINK the Senate will approve this idea. We APPROVE of the new man's ideas. We THINK we will vote on it one of those bright mornings in the future.

And we THINK it will approve of them too. And that will be a Good Thing.

Peace Is Possible

WE'VE TRIED to keep this column quiet on the Far Eastern policy wind-storm that has been halting the progress of the Far Eastern Club. We've been busy, and a healthy part of the group are not. But, as a member of Kennders hall soon have taught us, a practicing of the subject is almost as hard as the subject itself. But it's hard to keep quiet, and it's nobody's fault.

Look out, boys! We've had the thought of it in the immediate future comes the inevitable disillusion that the end of the war will mean the end of peace as we know it. There are other words, that victory brings peace.

WE THINK it will follow that.

II. TOO MANY people have the idea that a total war is inevitable. Considering the nature of man, it is not impossible. And the United Nations, we would say, some that battle might open in the not too distant past. We should know how far apart we are on victory and peace. And we should know that no one but we are not defeated yet in the search for peace.

WHO'S ALL-OUT attack on peace, but a search for peace.

As Others Say It...  
A Maid's Lament

That spring time is for love and fun.

What is this fun you speak of?

In the midst of the sunshine, the sun is shining brightly, and the birds are singing. The children are playing in the yard and the adults are enjoying themselves. This is what is meant by fun.

But what is the fun of being a maid? A maid's life is a lonely one. She has no one to talk to about her problems.

Sometimes, she may feel as though she is alone in the world. She may feel as though she is the only one who understands her. But she is not.

There are many other maids who feel the same way she does. They are all working hard to make a living, and they are all trying to get by.

But they are not alone. They have each other. They can talk to each other and they can support each other.

So, next time you see a maid, please take the time to say hello. They may just need someone to talk to.
