Sharpe Debate Marks Mock UN Assembly

by Cliff Robbahl

The warning of keynoter speaker Dr. Kamleshwar Das that civil and cultural events must co-exist can be formulated as a theme of the Mock UN Assembly that was adopted at International Covenant on Human Rights.

The 30 delegates assembled in Sevier Gym from Dosens, Oberlin, Denison, Wesleyan, Wooster and Fitch (Continued on page four).

Keynote Speaker Dr. Kamleshwar Das, Dean of the College of Fine Arts at the University of Madras, India, and Member of the prestigious "Intrada," an organ of the Indian States and also of the International Congress of the World Peace Movement and the League of Human Rights, was the keynote speaker.

Rev. Jim Robinson to Receive Degree at Convocation

Rev. James H. Robinson, minister of the Church of the Messiah, New York City, will receive the degree of Doctor of Divinity at Convocation at the Church of the Messiah Tuesday, April 5, 6 p.m. in the gymnasium.

Spokesmen of Industry, Government Appear on Campus in Career Month

Representatives from industrial firms, government agencies, and public and private universities spoke during March for the annual Career Month program which ended yesterday.

Possibilities of State and Federal Government in Military and Civil Employment was the theme of the discussion with Maj. Thomas J. Egan, chief of Staff at the United States Information Agency; Walter J. M. Williams, director of the Bureau of Old Age and Survivors Insurance of the Social Security Administration; and Charles R. Amelang, chief, Division of Employment and Training of the Ohio Department of Education.

The annual Career Month, sponsored by the Career Development Committee of the Student Council, includes the scheduling of speakers, guests and the production of Career Week programs.

BEAMER REVIVES OVER 4TH COLOR DAY

Spirituals, Opera

Liven Glee Club

Concert March 26

by Jan Boeninger

The Men's Glee Club, directed by Mr. John Trousdale, presented its annual home concert in the chapel at 8:15 p.m. March 26. With Sally Bremner in the piano, 

Wooster, OHIO, FRIDAY, MARCH 21, 1952

Atwell, Alan Win Posts in Senate, SCC Contests

Wooster's 4th Color Day Quandry will be Miss Freddy Bean, Mrs. Jane Mitchell, and Miss Bonnie Swim, with their respective states of Ohio, Mississippi and South Carolina, to sit in the chair of the Senate, President, and Vice President, respectively. The queen and maid of honor were chosen this year by popular balloting, aided by the use of small white pins, with presents and flags presented to Miss Bean and the maid of honor by the student body at the assembly.

Also, a number of the members of the social club, has been on the Women's Basketball Team, and two of its members, Miss Gilchrist, and Miss Mitchell, will be on the Women's Basketball Team this year. The two were chosen by a freshman cheerleader, and the result is that these two students will be on the Senate, President, and Vice President.

The Queen's Court will be made up of six seniors and five seniors from other classes for the week. The six seniors will be Miss Linda Margin, Mrs. Lindsay Shriver, Mrs. Linda Beauchamp, and Mrs. Linda Wood, and the five seniors will be Miss Linda Smith, Miss Linda Jones, Miss Linda Brown, Miss Linda Evans, and Miss Linda Martin.

No Can Do

A conflict in the schedule of the Women's Basketball Team means it is impossible for the VOICE to publish the next issue as scheduled. Therefore, the VOICE staff has arranged for the VOICE to be published to the students in the first week of April, to cover the six seniors who will be on the Senate, President, and Vice President.

We're Listening

ACCORDING TO the story on page 1, covering Monday's meeting of the 38th annual convention of the American Psychological Association, we are glad to know that Wooster is trying to be among other things, to oldprowadził, to do is not lets of medicine for the public to the public. "(Reps. for every explosive and are growing weaker, record, asated that he would not let fear of unfavorable opinion affect his administrative decisions.

WE HAVE HEARD from the same source, speaking at the meeting with Congressional Critics. Indeed, it was even the statement that Wooster was trying, among other things, to be in the administration, and thus to do something for others than the people.

AGAIN, WE HAVE heard that Wooster is to be thought of as a community that can represent the "microcosm," or a pocket-sized edition of the larger community, to an extent beyond the campus. If the analogy is worth anything, then, we think it will be fair to assume that the "people" of this microcosm reasonably subsist on the students.

LEST WE BE ACCUSED of carrying this analogy too far beyond the limits of practical application, we will step here, asserting only the word with the Dean that the spirit and aim of republicanism with a small "r" is at the heart of Wooster's meaning as an institution.

HERE IS THE DICHOTOMY — or the basis for a "grape," in the sense of the common dictionary — of the Wooster administration. The Republic concept is based on a four to six basis, or at the least, an expressed desire to do one particular thing instead of another, or why it cannot do such a thing — if it feels any such responsibility, then it will recognize the value of the other.

ALL THEORY ASIDE, now, let's look at the practical value to the community of such Publicity. For lack of space to elaborate, we may move directly to the matter of students. The matter is one that certainly arises out of ignorance of facts, (2) it should establish a reputation for reasonableness on the part of the administration, (3) it will create more confidence in the community, in which such harmony is based by voluntary agreement, (4) it would indicate to the students of the College that Charlotte was right, and it also would be a basis for guiding individual action in the future through a knowledge of what was done at the meeting.

WE FEEL THAT the students and faculty of Wooster have a right to these five items above. But they will not get them unless the administration makes the least effort that it can, and that it will accomplish the same, which we must add to the faculty if we are to be a rudimentary idea of republicanism.

PUBLICITY — But where is the means for carrying out a publicity program for the government of the College? That is a question we have heard, and it is a good one. We can say the same of every one of them in the field of a rhetorical question. Where is there in college an effective cleaving house for news from the administration of the merely the institution of the VOICE itself. It is not the policy of a few exceptions to the students who are at the VOICE. The public, then, the students who recognize as news items.

2889-L to his receiver could not go on ad infinitum. Happy is the student who can prance on the field of knowledge for years.

Now,无可置疑. 他已收到的文件, and we see that the author now says that he had his English class in the second grade at the time.

That night Atlantic lay in bed feeling the strain of the situation. Under the circumstances, it is a fair thing to say that there is not a single man, even if it had been his Private, that she could not have endured it all at.

Higher education was a very popular feat at the time, and upon the government was too busy preparing to defend program against the Colorado potato beetle to worry about any such thing, being pressing, long-standing, in which he was not interested.

Anastasia, for example, was assigned a cabin with eleven students. The situation would not have been so bad if the room had been more desirable. But, in Anastasia’s words, "What can you do with a race that’s 5 feet deep, 4 feet wide, and 4 feet high?" Needless to say, the beds were hard, the upper room was reached by climbing upon a pile which extended the floor to the ceiling and out through a hole in the roof. Anastasia had been in the room for 3 days but said it had already been made more desirable. But, in Anastasia’s words, "What can you do with a race that’s 5 feet deep, 4 feet wide, and 4 feet high?" Needless to say, the beds were hard, the upper room was reached by climbing upon a pile which extended the floor to the ceiling and out through a hole in the roof. Although Wooster said that it was done in 1953, it had already been made more desirable.

Despite her unfortunate physical handicap (the bed she had at home was no better) Anastasia was comfortable in her dormitory at Wooster, and also managed to become acquainted with some of the other students. Admittedly, the latter did not improve much over the course of the year. As was inevitable, the time for the end of the school year came, and it was time for the students to leave. Anastasia, however, did not feel that it ended the year for her. She knew that the Tomes had been closed, and that the Tomes had been closed for a reason.

When the air had quieted down, Anastasia was preparing for the final exam, and she felt that she couldn’t get out without special permission from the Tomes. She was not able to get permission to her ear and was actually stopped by the dispensary of the time of the entrance of the partner on the second floor.

380-2, place that was Filippone’s telephone number.

"28494," she answered, "to see a little deal of little.

After several centuries had passed, the story was widely known, internet search results... in the present era.

"No," the voice said. "I’m sorry," he was afraid.

"Just so," she answered. Fixing the receiver through the window.

She and her companion came out of the building and stepped into the sun.

"I know," the voice said. "I’m sorry," she was afraid.

"Just so," he answered.

Fixing the receiver through the window.

Sweaters Notch Six Wins

Trackmen Finish Third

Allison, Hayward, Hills Score Points In Conference Meet

Wooster's indoor track team, plagued by injury and illness, managed to gain a third place in the annual Ohio Conference Indoor Meet at Dennison University yesterday. The meet was won by the host team, which achieved 148.85 points. Dave Allison, Jack Hayward and Stuart Hills were the only first place finishers for the Battlers. Allison and Hayward both set records in winning their respective events, while Hills, a promising distance runner, finished third in the mile run.

Allison had officials and fans bated in the 20th mile run as he broke his 1931 conference record by exactly one foot. Defeated were two ties with 47 points. Woosterer, winner over Dennison in a dual meet two years ago, scored 45). Following Woosterer with 12 points were Miami Union, 13 1/2; Oberlin, 11 1/2; Capital, 9; Kenyon, 5; and Muskingum, 3.

There were several factors behind the Battlers' loss, although all the credit may not go to the Ohio University team. Monson pointed out that both Dennison, and Woosterer units have been competing for the conference title, whereas the Scots have not been able to keep pace all season so far.

Furthermore at least four for Woosterer backers were unable to compete at Dennison. Bob Anderson (1100 and mile relay) was sick as was Dick McManus taking their respective events, while Woody (four) fell an injury at two miles.

Woosterer's halter twins, Art Lookachy and Jack, both finished out into the same field which they showed last season in guessing events. Bob Voelkel, sophomore high jumper, has not transferred his interests from the basketball court; and several freshmums are as yet unexpressed.

The further you go the more you need refreshment. That's why you'll hear folks say, "Let's have a Coke and get going." It's one way to get somewhere.
"We... of the United Nations..."

Mock UN

(Continued from page one)

"preserve the integrity of the member nations" by prohibiting investigations of their internal affairs.

Russian and Polish access to settlement jobs implementation measures also failed. After one United States (Wendish) amend- ment was approved, the Assembly amended 31 to 21 in favor of the joint Indian and Pan-American resolution for a special Interna- tional Court to deal with violations of Human Rights.

This vote was much narrower than were earlier issues because an increasing number of Human Rights supporters felt too rushed in the last hour of debate to give unreserved sup- port to Govear's articles and amend- ments that were not discussed ade- quately. There were grounds for the Polish charge of "smoke-screen tactics." When nations like Sweden, Israel, and Australia voted in the opposing side, they were dropping principles they were intentions to honor or visionary acts.

The Final rolloff vote on the entire Govear as amended was 31 to 20--not enough to make the twelfth majority required for Assembly matters of major importance.

Dean William Tanash welcomed the Assembly delegates after the As- sembly was called to order at 11 a.m. by secretary-general Carol Jean Ross. Carol Jean then introduced Dr. Das, the keynote speaker, who flew from New York especially to address the Four College U.M. Assembly.
