Men's Association Determines Rules For Fall Pledging
Procedure and rules for fall pledges were established at the October 1 meeting of the men's association.
On November 16, three new freshmen men of the Delta Chapter will be inducted into the men's service. Prior to that time, the Delta Chapter will supply each pledge with a list of eligible men.

Vivian has task functions which have been limited to four per year, and for the first time there have been restrictions among the members in the scheduling of these events. Conflicts on dates must be eliminated as many only one or two events of such scope are scheduled.

The session, a friendly evening, will either divide the freshmen class, with the more experienced group, or will work on a more comprehensive schedule so that freshmen may attend both functions during the evening.

Applications from members of the M.A. chapters were also discussed at the meeting. The charter committee is working on giving to the M.A. special charters which will allow the freshmen chapters to have names, and to establish the most well-known student or athletic organizations for these special chapters.

Pembroke Seeks Literary Talent
Pembroke, the campus literary organization, opened its fall drive recently.
Applications must be submitted to Pembroke in order to become a member of the society. A member is one who subscribes to the emphasis on the literary aspect, while another is one who subscribes to the emphasis on the artistic aspect.

Contributions will be judged by the old members at a meeting that night on the basis of their merit, either as poetry or as an original literary work.

The first meeting for new members will be held on November 6. Mrs. Warren Anderson of the Latin department will speak.

FRSC Plans New Study of Potential Honor System
Plans for reshelving the books but not out honor system for reviewing the FRSC constitution were made at the year's first meeting of the Student Faculty Relations committee last Monday night.

As a result of legislation passed by the committee, Mrs. Gabel has been authorized to complete a report of the two systems, and the Student Senate has been asked to take action on the plan on the proposal has been thoroughly explained to the students.

After considering the possibility of making the FRSC a "reviewing court" for disciplinary measures on campus, a committee was appointed to draw up plans for a new FRSC constitution. Other parts of the present constitution that were questioned include article 6, section 1, which reads, "It shall have power to make and enforce rules it considers necessary. Family relations as regards old-people policies." Members of the sub-committee include John Keirin, Mr. Jerry Jones, and White Wolfe.

Alumni who remember working out in the Maintenance building when it was still the gym.

Alumni who don’t remember co-ed chapel services or even intra-mural football.

Alumni who once formed the ‘backbone of the college’... and those who were moved to see them.

Alumni who want to walk about the campus to see the Rock and Abe and Peggy and the other historic gold flags on each building.

Alumni who want to hear what this generation is thinking and see what we are doing.

Alumni who still feel very much a part of Wooster even though they no longer play football or vice for the VOICE or work crew for the Little Theater.

Alumni who seem more like members of the senior class than anv alumni group.

Alumni who want to renew the days of solid men.

Alumni who will and cheer and root with real Highland vigor for the Scotts on the field.

WANTED: Alumni for Homecoming Day... and a bonfire welcome to you!

Ling Explains New Fight Song
To the Editor:

As requested, I am submitting some information concerning the new fight song. "Wooster, Wooster," has this year a unique twist. One night, while I was in Korea, I was working on a band fall for this fall and trying to think of a new battle cry to say "hell-ya" to the fans. I began to hunt the type of "Are You From Wooster, ..." which seems to be the title. "Are You From Wooster?" so I perused down some lyrics.

This is how it was turned out:

Alum! Wooster! Are you from Wooster? From the school we love on top of the hill? We’re glad you come, so glad your clever hill. 'Cause it always gives us a thrill.

In the song which they were put on against Akron. The songs will take good care of you before.

So give a cheer now, let’s make them hear, that’s from Wooster, 100.

Cheer.

WOOSTER: WOOSTER: Wooster — Wooster! Let’s go! SCOTTS!
This little effort seems to have been well received so far and I am sure that the student body loves both the song and the cheer in order that they might join with the band in doing both of future games. Thank you very much.

Sincerely,

STUART J. LING, Band Director

Young Instructor Visits South America
West Indies, England And Continent

With the arrival of summer there comes a chance for the realization of many a dream of travel and adventure among students during Wooster’s winter solitude. These pipe dreams are by no means restricted to students of this or any other college, but can also be found in the hearts of the faculty and alumni.

Mrs. Georgie Harrell, Spanish instructor at Wooster, and Mr. John Darchie, instructor in art history and art appreciation, spent the summer in various parts of South America, Europe, and England. Miss Harrell was in Argentina, Uruguay, and Brazil which included a trip to the beach resort of Mar del Plata, Argentina. Mr. Darchie visited Brussels, Amsterdam, Paris, Madrid, Barcelona, Rome, London, and Edinburgh. They returned to Wooster July 13 and arrived in Wooster July 19.

In Miss Harrell’s opinion, the most fascinating part of the trip was the visit to Buenos Aires, Cordoba, Cordoba, and the harbor city of Buenos Aires. The return voyage was a fascinating trip which started at Buenos Aires. Miss Harrell was in Argentina, Uruguay, and Brazil which included a trip to the beach resort of Mar del Plata, Argentina. She returned from Mar del Plata on May 15, 1952, and was back in Wooster July 13.

Miss Harrell spent most of the summer traveling the countries of Argentina, Brazil, and Uruguay. Miss Harrell spent several days in each of the countries which she visited.

Mr. Darchie’s trip was a trip of a lifetime. He visited the countries of Argentina, Uruguay, Brazil, and Spain. He returned from his trip August 10 and arrived in Wooster August 19.

Mr. Darchie’s principal tour was to the various capitals of the country and to the various cities of the country.

A trip through South America was made by Mr. Darchie to the various capitals of the country and to the various cities of the country.

Well, would you like to get a job where you are certain your services will always be in demand? Well, this is the way this man and his wife pass their time in Cleveland College Life. Banked in Doris for Minutes." The article takes the mixture from prepared for its beginning in ancient Egypt down to the present day, and ends with some closing comments to make: "The memory of college is un- able to meet the invasion deemed necessary by the students of that year... Not only are the correct prospects good for employers... but in view of our rapidly ex- panding population there will be abundant opportunities for many others who may come.

Still interested? If you are, stop into the VOICE office to read the rest of the article, stating the qualifications and salaries necessary to prepare you for such a career.

Other colleges seem to be look- ing on the brighter side of life, although things are a little brighter there at the Columbia college of Physici- ans and Surgeons. And the beginning sophmore student there was ask- ed how large a dose of a certain drug he was administered when he consulted a specified doctor, he said, "six grains." A generous amount, he must have thought, as he could count his answer. The professor glanced at his watch and said, "Well, you can review your answer if you like, but your patient has been dead exactly 45 seconds."

Interest in student politics seems to have reached a new high, as Campus News as well as Wooster, There, 99 political candidates were getting pre- cious signals, and for this reason, the Big News decided to join the race. He circulated a petition stating that he was running for the position of Vice-president, and got 19 out of 34 signatures to sign without reading the first page. Since this work well done, there was nothing, which we said, "We underestimate the fully able to be first class Jackson flavor not reading this before signing it.

Miami university has a new addi- tion to the campus in the form of a Student union dedicated to Harry C. Thorne. It seems that Mr. Thorne held the club of Miami's greatest house, appearing regularly for 45 years on the football teams. For these reasons he was as busy on his home campus as he was on the field, and con- tinued as a red umbrella and a regular guest.

At each games he would shout, "If I had a dream last night", and then yell his prediction of the big- gest of them. Mr. Thorne died in 1950 but this year he gave the house game the Van Thorne Memorial and charging it at a nominal fee. The events which were financially unprofitable he felt into the dream, James C. in the belief that football, jewel, Bloomington, seemed to abridge the interest and importance of the sport.

Two additional freshman have been added to the University of Miami, Norma Marcius, performed a duet to the music of their act and placed Farmer Wrenn with the gilling, he was unprofitably sold by the occas- ional expedition and performing a dialogue.

As Professor Allen of the Beaux Arts Academy appeared quite at one to the super- intendent of the art, and appears to be well satisfied with his voice, he nevertheless removed off the stage in a thoroughly amusing and facial form. To the Wosstern seven, labor room Parker ran two plays of five and two successful kicks to make the score 14-10 in Wooster's favor. After an interception of Jim Evans pass and a Kinnick punt, the Scots drove into Kentucky territory in the final minutes of the half, but were stalled on fourth down on the fours sixty.
