Dearest Folks:

It's about time to
go to bed - but a beginning
is better than nothing.
Our grades will be out
this week some time. I
surely am anxious to
see them.

The next
group in
tonight.
is just fly-

we even ordered our
commencement program
the other day.

We had
prayer
my room
this year
ing. Why

Am getting the most
enjoyment out of Glee Club
work. I only wish I could
take a whole year of nothing
but piano and voice here
under Miss Richmond and
Mrs. Parmelee. - doing

the club work and S.V.
work along with it.

I'm just back of wondering
is something might turn
up - for it is possible.

and if my voice would
be really worth the training
etc. Miss Richmond is
mawelous for bringing out
the soul of music in her.

I am enjoying my
studies so much this semester
- Perhaps because I seem to
be putting more into them.
I seem to be more calm
and grown up in attacking
them. and everything
in general.

Debate has begun
now for sure and of
course I'm enjoying every
bit of it. Our students
put on the "Fool" last
night at the Opera House
and it was done re-
markably well.

Had a date with Wakester
to the B. B. game Fri
night. We left by 3 p.m. from
Wilmington.

We had a marvelous time last weekend on our Elsie Club trip - especially at Wheeling - the myshens of certainly of splendid men. I think you were wise not to make the trip mother. They liked us so well - that they begged us to come back for a secular concert - so I guess we are alright in the Spring. Maybe you could all come up then. That will mean we stay over night there probably. We are also taking a week end trip to Elkhart and one to Toledo.

This next week is a busy one. Wednesday night the Wooster Symphonies is giving their annual concert at the opera house and the glee clubs are singing with them in "Prize Song" - Thursday nite we give a secular concert in Orville and Sunday we give 2 sacred concerts - in nearby places.

We had such wonderful weather last week end for our wheeling trip.

Coming home the morn was full - and the sky was so clear - the hills were simply beautiful. It just tickled me to hear the Oh's!! and exclamations from those who had never seen the Hills.

Today has been just like - a "herald of spring". - I guess spring will be here before we know it.

mon. morn.

It is 8:00

-How funny! I just began this - and someone brought a special up from downstairs. Haven't even opened it yet - so here goes -
looks like ~~hmm~~

I had to know Fred is gaining. So many people ask about him.
