Camp Luc Houses Wooster Retreaters

By Jane Smith

Saturday morning, September 22, Balchick power was the scene of much conversation as people exchanged greetings before starting out for Camp Luc and the SCA retreat. Approximately 32 students represented the sophomore and junior classes, led by Miss J. Arthur Blair, Dean and Miss Carol Young, and the returning Dr. Harold Harrod and his assistant, who attended.

McQuilkin Addresses Group

A special address was given by the President of the revised organization, Dr. Robert McQuilkin, discussing the coming year and the new program by explaining the aims and goals for the coming year. Following this the students and advisors sat in various planning sessions to discuss their objectives. Such organizations, as the YRC, WRC and DHS ethnically outlined their programs as Ken Ullsaucer formed the agenda for Religion in Life Week.

Campfire and Sing

One of the highlights of the weekend was the traditional campfire and sing. Sunday morning the planning sessions were once again focused on further endeavors. Dr. Harrod expressed the belief that Mitchell and co. led the commitment of students which ended the week-end of fellowship and sing.

Senate Presents First Free Film

Brotherhood Brings Letter Of Thanks

Our six dining halls will once again be used to settle the annual question pertaining to Brotherhood Meals when students vote Monday evening.

Last year our funds went to the Intra-City Protestant Parish of Cleveland and to the support of five parochial students by the Save the Children Foundation. The third of which Wooster students contributed was World University Service. Through them Wooster helped Tanja Popescu, a Romanian F.P.C., to complete his studies in music. The following is a letter sent by him:

"I will be through with my studies, concert, and composition, at the National Conservatory of Paris, this coming June. Appreciates Help

"It really was most kind of you to have thought of sending us money last year, helping me get through my studies. Believe me I appreciate this help tremendously, especially as I have the worry of my family (three children and my wife). I'm sure you are more than thinking of going to Brazil (Netherlands) in July and to Salzburg (Austria) in August in order to take part in International Competitions for young conductors. All this is rather expensive for me, but on the other hand it is absolutely necessary for me to meet people and to get known in order to find a job in September."

"Could I trust you for this summer term, which means so much for my future? I hope that some day I will have a chance to come to the United States and to let you know of my studies. I will be able then to conduct concerts for the benefit of your college! It would be a great pleasure for me to express my gratitude in this manner to you as well."

Sincerely yours,
Tanja Popescu

Order Food Early

Miss Esther MacGrae, Director of Food Service, requests that orders for catering be placed at the office of Food Service, 1135 Main Ave., by 3:00 p.m. on the day of a function. This applies to all orders—papers, goods, equipment and food supplies. The office telephone is extension 318.

Your Approach
Contributes Too

The time has come when most college newspapers are thundering in the usual trite editorials warning the students of the start of a school term. We, however, shall leave the making and breaking of resolutions to those stricken with a September conscience. For the moment we are not concerned with September or 1956-1957, but rather with the college career as a whole.

By now most of us know that college is a mixture (sometimes a real mess) of things academic, social, extracurricular, religious, and romantic. Sometime during our four-year stay in the halls of higher education we should develop in each of these ways.

However, we believe that college is more than four years of growth for the individual student. We take a "bird's eye" view of the College of Wooster; we love it dearly, but we admit it is not quite paradise on earth.

We believe that an individual's stay at the College of Wooster could and should produce growth for the college. We do not count any student worthy of the college if he has a contribution to make, no matter how small, and does not make it.

This is the advice that we, in the autumn of college education, leave to you who are in the spring and summer of it. Make your four years a matter of growth for you, the individual, and for this, the college community.

for construction

of Wagner hall

Plans have been made for the construction of a new dormitory to be known as Wagner Hall. The dormitory is the gift of Mr. and Mrs. Gary Wagner, '15, Mr. Wag-

ger is a member of the Board of Trustees.

Contemporary Style

The building is the design of Mr. Schooley; it will be of functional and contemporary style, however, the exterior brick and stone will be similar to the exter-

ior of Compton Hall. It will aco-

commodate 114 women. Since the design includes plans for over 20 single rooms, Wagner Hall will probably be only occupied by juniors.

Eventually a common dining hall will connect Compton Hall and Wagner.

**More on Football**

(Continued from Page Four)

Kent State University, Dick Stueck, coach of last year's team, is temporarily helping get the line in shape.

The Ashland game will be played under lights tomorrow night. Coach Shippee rates Ashland as “a power team who will put up a tough fight.” Ashland was badly beaten by Wooster the last time the two teams played in 1953. Since then Ashland has twice won the Middle Ohio Conference Championship.

Against Manchester College, Indiana, last week, Ashland came from behind 0-21 at the middle of the second quarter to win 27-20. The man to watch is Zody, a 190 lb. tailback.

**Wishart Museum Exhibits Masters**

Tomorrow, September 22, an art exhibit of 100 pictures will be on display in the Josephine Long Wishart Memorial Museum.

The purpose of this display is to furnish an opportunity for students to obtain either traditional or modern hangings for their rooms. Pictures are available in various sizes for 50c or $1.

The proceeds from the service will be used to obtain pictures for next year's rental art exhibit.

**Dr. Kieffer Speaks**

Lecturer and consultant at a two-week teaching conference attended by 30 Wisconsin and Michigan high school chemistry instructors was Dr. William F. Kieffer, professor of chemistry at College of Wooster.

Conference co-sponsors were the Future Scientists of America Foundation of the National Science Teachers Association, Washington, D.C.; Lawrence College, site of the conference, and the Institute of Paper Chemistry, Appleton, and Marathon Corporation, Mesaba, Wis.

**Happy-Joe-Lucky presents Sticklers!**

**STICKS FOR MONEY? DO A Stickler!**

**Stickers are sticklers** and a mighty soft way to make money! Just write down a simple riddle and a two-word rhyming answer. For example: What's a ball player who gets a raise? Answer: Richer pitcher. Note: both words must have the same number of syllables — blank joke, jolly dally, vinegar fenny. Send your Sticklers, with your name, address, college, and class, to Happy-Joe Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay $25 for every Stickler we use in our advertising — and for hundreds that never see print. And remember — you're bound to Stickle better when you're enjoying a Lucky, because Luckies taste better. Luckies' mild, good-tasting tobacco is TOASTED to taste even better. Fact is, you'll say Luckies are the best-tasting cigarette you ever smoked!

**It's for Real!**

by Chester Field

"To catch a man," said Violette.

"The wisest goes play hard to get!"

To seem remote and quite aloof.

She sat six years upon the roof.

"It doesn't seem to work," she said.

And so she chibbled them instead.

She shrugged: "I do the best I can.

Unconscious or not, a man is a man!"
