Graduates of The College of Wooster should demonstrate these personal and intellectual capacities:

- Independent Thinking
- Integrative and Collaborative Inquiry
- Dynamic Understanding of the Liberal Arts
- Effective Communication
- Global Engagement
- Justice and Civic and Social Responsibility

Our Mission

The College of Wooster is a community of independent minds, working together to prepare students to become leaders of character and influence in an interdependent global community. We engage motivated students in a rigorous and dynamic liberal education. Mentored by a faculty nationally recognized for excellence in teaching, Wooster graduates are creative and independent thinkers with exceptional abilities to ask important questions, research complex issues, solve problems, and communicate new knowledge and insight.

Donald B. Register '59

Donald B. Register, a 1959 graduate of The College of Wooster majoring in political science, first attracted attention as an All-Conference football player. Since earning a Master of Divinity degree from San Francisco Seminary in 1963 he has received national acclaim for his work in inner-city housing programs. He first served at two Presbyterian churches and then joined the North Side Team Ministry in St. Louis. His work there included the creation of new approaches to a ministry to the residents of a high-rise public housing complex. Later, as administrator and coordinator of the Ministry, he helped form a community organization to rehabilitate housing in the city's north side. Among other things, arrangements were made with unions to train seventy-five former hardcore unemployables as journeymen in the building trades.

In 1971 he joined the Presbytery of Chicago as Associate for Mission, where he is responsible for developing and funding new churches, assisting some existing congregations and special ministries, and developing strategy for the Presbytery's metropolitan ministry.

Deborah Bial

Deborah Bial is the president and founder of The Posse Foundation, a youth leadership development and college access organization that sends teams (Posses) of students from diverse backgrounds to one of Posse's 57 partner colleges and universities. The Posse Foundation, a national 501(c)(3), is headquartered in New York City. It supports programs in Atlanta, the Bay Area, Boston, Chicago, Houston, Los Angeles, Miami, New Orleans, New York City, and Washington D.C. Since 1989, the Posse Foundation has identified more than 8,000 Posse Scholars; ninety percent of Posse Scholars graduate.

Dr. Bial earned her master's and doctoral degrees in education with a focus on higher education administration, planning and social policy from Harvard University. In 1999, she received a $1.9 million grant from the Andrew W. Mellon Foundation for her dissertation work. She completed her undergraduate degree at Brandeis University and has numerous honorary doctorates. Dr. Bial is also a member of the Brandeis Board of Trustees.

In 2010, President Obama named Posse as one of ten nonprofits with which he would share his Nobel Peace Prize money.

Jeffrey P. Rider '84

Reverend Jeffrey Rider is Senior Minister at Green's Farms Church in Westport, Connecticut. He is responsible for the vision and spiritual direction of the church and leads the 10-member professional staff. Since arriving at Green's Farms Church in 2003, he has demonstrated a keen interest in the church's vital ministries to children, youth, and serving the wider community. He is a College of Wooster graduate where he majored in Theatre; he received his Master of Divinity from Yale Divinity School in 1988.

Reverend Rider is past president of the Westport/Weston Clergy Association, and he currently serves on the Board of Directors of the Connecticut Conference, United Church of Christ. Prior to being called to Green's Farms, he served United Church of Christ (UCC) congregations in Vero Beach, FL, Akron, OH, and New Canaan, CT.

The greatest joy for Reverend Rider and his wife, Lynn, is spending time with their three adult children, Abby, Cal, and Jack. Abby graduated from Wooster in 2013, and Jack is a member of today's graduating Class of 2019.

The Latin Honors

A widely recognized academic distinction, Latin Honors are based on overall grade point average in courses taken at the College: summa cum laude for 3.900 to 4.000, magna cum laude for 3.750 to 3.899, and cum laude for 3.500 to 3.749. To graduate summa cum laude, a student must also receive Honors on the Senior Independent Study.

**Academic Regalia**

The gathering of the College family this morning is the present expression of a living tradition. The wearing of caps and gowns is an English custom which goes back to the twelfth century and is still used in many nations today. Over the years the apparel of scholars has evolved to differentiate the degrees of learning and areas of study. From the gown, cap, tassel, and hood, it is possible to distinguish the institution from which the wearer graduated, the field of learning in which the degree was earned, and the level of degree: bachelor’s, master’s, or doctor’s.

Gowns, which are typically black but are frequently quite colorful, fall in straight lines from a fairly elaborate yoke. The level of degree is indicated by the cut of the gown. The bachelor’s gown is relatively simple with bell-shaped sleeves. The master’s gown is somewhat fuller, and its sleeves are longer and squared at the ends. The doctor’s gown has velvet panels down the front and around the neck, and the bell-shaped sleeves are decorated with three horizontal velvet bars.

Caps may be either mortarboard or tam in style, though generally the tam is reserved for doctoral degrees. The tassel may be the color of the major field of learning in which the degree has been granted, or the tassel may be black for any degree. Gold tassels are worn only by doctors.

The hood is the most distinctive and colorful part of the academic regalia. Hoods are lined with silk in the colors of the institution granting the degree. The color of the velvet binding on the hood designates the discipline in which the degree is held -- white for Arts, Letters, and Humanities; green for Medicine; pink for Music; dark blue for Philosophy; golden yellow for Science; scarlet for Theology, etc. The hood shows by its size, width of trimming, and shape the level of the highest degree held. Of the three hood styles, the doctor’s is the most elaborate. The bachelor’s hood is rarely used, and doctoral hoods are slightly longer than master’s degree hoods.

Colleges and universities often add their own traditions to the gown. At The College of Wooster, a single old-gold cord indicates departmental honors. Black and gold cords indicate Phi Beta Kappa membership. Kente stoles symbolize the rich history of domestic students of color, and the country flag stoles represent the home country or identity of graduating seniors. Lavender stoles acknowledge achievements and contributions of lesbian, gay, bisexual, transgender, queer, intersex, asexual (LGBTQIA+), and ally students to the College.
Flowers for the 2019 Commencement have been given in memory of Esther Mae Graber ’34, Director of Food Service from 1947 to 1970, and at the time of her retirement in June 1977, Manager of The Wooster Inn.
